The online seminar will be on the **ZOOM platform**, on **22 JUNE 2021**, starting from **11 AM CET – 2 PM CET**. All times are Central-European Time.

The project partners are required to ensure that at least 3 persons per partner will register and attend the sessions.

Please find below some practical information about the online event.

In order to receive the link to join the seminar, please fill in the [Registration Form HERE](#). We recommend registering before 20 JUNE 2021. By submitting the registration form, you will receive the direct link for the ZOOM meeting.

We also recommend connecting on the Zoom platform at least 15 minutes before the beginning of the online event, so we can talk informally, and get to know each other a bit better.

For a smooth experience, we strongly recommend joining the online event from a computer or notebook with a pre-installed version of ZOOM enabling audio and camera settings. Please edit your Name and Surname and country/or organisation when you join the Zoom meeting (using the same data provided in the registration form). The next step is to make sure that your camera is on.

Should you encounter any technical difficulties connecting to the online seminar - please do not hesitate to contact organisers at gofreeromania@gmail.com .

After the event, all the participants will receive by email a short Evaluation Form and a [Digital Certificate](#) for their participation.

About Go Free - the Host of the event Equality and Solidarity in Europe: Present and Future

Go Free is a Cluj-Napoca based NGO that works with young people – Roma and Non-Roma, LGBTQ+ youth and aims to promote respect for diversity and dialogue between different communities. We believe that all people are equal and, as such, most of our activities have targeted the theme of diversity, solidarity and social justice while having the goal to empower citizens to take action and speak up against injustices. From 2012, when we were officially established as an NGO, we have created a proper environment for young people's personal and professional development, and have worked together to build a more accepting community towards diversity.
