WHO ARE WE?

#MouvementSJ

Solidarités Jeunesses (SJ) is a non-formal education national movement that values voluntary commitment, strong political will, and social solidarity as its core principles. Our course of action is influenced by our ideal vision of a society where progress is social. Respect for human beings and the environment is a fundamental and shared value, and the freedom to choose, to dream, and to resist is innate and encouraged by all.

Our activities are organised for all, regardless of gender, social and cultural background, or nationality. Since its creation, SJ participates in the construction and maintenance of peace by promoting intercultural and international social connections in France and abroad. SJ works through participative pedagogy which supports initiative and personal commitment, and combines the skills of all our volunteers, active members and staff.

Solidarités Jeunesses is composed of a National Secretary based in Paris, eight regional offices, and one partner association. Our delegations host volunteers from France and from all around the world for short or long periods of time all year round. Furthermore, the partner association and the delegations host and provide assistance to young people with fewer opportunities, as part of our efforts towards inclusion and solidarity. All of our delegations and the partner association are situated in unique environments, such as castles, former campsites, isolated villages in the heart of the mountains, and former factories. These places have all been renovated thanks to the work of our short and long-term volunteers, workers and permanent staff.

SJ has been working in partnership with national and international networks (Cotravaux, CNAJEP, CCIVS, NVDA and Alliance) for several decades.

REGIONAL DELEGATIONS

Global goals
local impact

Vir'Volt // SJ in Île-de-France The goal of Vir'Volt association is to boost the dynamic of international workcamps for young volunteers in urban and rural areas of the Ile-de-France region. Vir'Volt wants to mix international participants, young people in social exclusion, and local inhabitants. Living together in harmony, where each individual can find his place in the group, no matter where he comes from or where he is going, is the motto.

La Maison Des Bateleurs // SJ in Nouvelle-Aquitaine La Maison des Bateleurs, which opened 16 years ago in Montendre, organizes around 15 international workcamps in the region and several other international activities all year long, to ensure multicultural and intergenerational exchanges with active solidarity. You can find long term volunteers, permanent workers, and groups of young people who come to enjoy the nice environment of the Charente-Maritime region.

Sem&Vol // SJ in Nouvelle-Aquitaine Since 2013, Dordogne has held international projects of arts and culture. Following a very positive hosting experience by the local population, a branch of Solidarités Jeunesses was created in Aquitaine in 2015 and then became a regional delegation in 2016. The goals of this new organization are to: develop workcamps and international exchanges, create networks of local partners, encourage mobility and youth commitment, and develop artistic and cultural projects in this area.

Citrus // SJ in Occitanie In 2002, Citrus was established in Toulouse, under the initiative of a group of young volunteers driven by the desire to develop volunteer projects in the Midi-Pyrénées region. In 2012 it moved to Laguéprie, a small village 1 hour north-east of Toulouse. The association's various activities bring people to work, mingle, and live together. «Working together» is based on the philosophy that unites long term volunteers, employees in integration projects, permanent staff, and volunteers on international projects.

Réseau d'Entraide Volontaire // SJ in Occitanie

Founded in 1974 by a small group of locals, the REV became the Languedoc-Roussillon regional delegation of Solidarités Jeunesses national movement in 1979. The delegation is based out of two houses located in the centre of the village of Beauvoisin. The smallest house is a permanent home for volunteers, and contains two offices: this is where life takes place in this community of discovery and exchange of traditions, habits, moods, and dreams. Since April 2011, the REV has hosted small groups to facilitate exchanges between people from different cultures, generations, and backgrounds.

Centre de Beaumotte // SJ in Bourgogne-Franche-Comté

The Beaumotte Center association was created in 1979 on the site of an old factory on the banks of the «Onion» river. It is located in the village of Beaumotte-Aubertans, a village of 391 inhabitants. The nearest towns are Vesoul (25 Km) and Besançon (30 Km). The association provides with breathing space for those experiencing difficulty, and a training ground for people to develop and test their own abilities. The presence of international volunteers guarantees openness, tolerance of differences, and active solidarity.

Le Créneau // SJ in Auvergne-Rhône-Alpes

The castle of Prureaux is a welcoming place that provides opportunities for everyone to participate in projects and learn how to live and work together in spite of linguistic, socio-cultural or socio-economic differences, and prejudices existing in society.

This is an opportunity for people from near and far to share the experience of collective living. The diversity of the inhabitants of the castle is culturally enriching and teaches people how to live together, to exchange their customs and traditions, and to live in respect and tolerance.

Les Villages des Jeunes // SJ in Provence-Alpes-Côte-d'Azur

Les Villages des Jeunes works towards social integration and participation of all. Its objective is to allow people from different social and cultural situations to work together to complete projects beneficial to the community. The association runs two international hosting centres near the Alps: the Fai farm with its "singing mountains" and the hamlet of Vaunières, an isolated hamlet at an altitude of 1200 meters.

Grand-Est // SJ in Grand-Est

Since October 2021, SJ has been based in the Bruche Valley - Vosges Alsaciennes. Five years ago, we «found» a house there that was bequeathed to us and we decided to explore the surrounding area to reflect on the possible perspectives that this opened up. Located 50 km west of Strasbourg, the local branch plans, with the support of the national movement, various actions: workshops to raise awareness about interculturality in spring and summer, an international workcamp in July, a Franco-German youth exchange in August, a workcamp with local youth in Europe in the autumn. And who knows, even more ... ! ;)

Neige & Merveilles // Partner association

Neige & Merveilles became a mountainside hosting and entertainment community in 1994. Since 2007, Neige & Merveilles conducts actions in favour of sustainable development, renewable energy, development of the mining heritage and local history, improved reception conditions, and development of entertainment and leisure practices combining heritage and respect for the environment.

VOLUNTEERING

We love our volunteers

Volunteering is an exchange, an encounter, facilitated by someone who wants to offer his or her time, energy, and fresh perspective to a general project of interest. Volunteering is also a welcoming community that offers a valuable opportunity for the volunteer to learn, to experiment, and to undergo personal development. Being a volunteer is not merely an activity, but a multi-faceted process brought about by our partnered associations before, during, and after the volunteer project is completed. At SJ, volunteering does not mean humanitarian aid, since we do not deal with emergency situations, but rather an intercultural exchange and apprenticeship carried out through meaningful initiatives for local communities. Voluntary service exists almost everywhere in the world and it is a commitment that varies across different countries, cultures, and types of projects.

Volunteering brings together diverse communities and separate entities, local associations, men, women, youth, and local authorities.

Health measures are implemented according to recommendations of the French Minister of Health and workers organisations and unions. Such as the CNEA and the SYNOFDES or PREVENTION BTP.

Safe watering points will be available with soap and hydro-alcoholic gel.

Accommodation will be adapted to ensure sanitary requirements: individual tents when possible or a minimum distance of one meter between each bed in the dormitories and collective tents.

GENERAL INFORMATION

La vie à SJ

» Group Life

Most of our workcamps bring together between 6 and 12 volunteers of around 4 different nationalities and with an average age of 20 years.

The group is responsible for cooking and cleaning, so volunteers are asked to bring their favourite traditional recipes! Adult workcamps are open to +18 years old volunteers and there is usually no age limit unless a specific partner has requested one.

» Qualifications

We do not ask that volunteers have any particular qualifications, but they must be motivated to help and open to experiencing life as a volunteer in a rural area along with people from diverse backgrounds. A basic knowledge of English and French is helpful.

» Camp Leaders

There will be two camp leaders who will support the group as they organize aspects of daily life at the workcamp, such as managing the budget, cooking, recreational activities etc...The host community often provides a technical leader for specific manual tasks in order to guide volunteers in the methods and procedures of these tasks.

» Languages

The language used by the group will be dependent on the group itself and on the capacities of each volunteer, but English and French are the most common languages used in our projects.

» Accommodation

Volunteers will be hosted in various types of accommodations, including rooms provided by the local association, tents, or schools, depending on the project and the region.

» Insurance

Solidarités Jeunesses provides insurance for accidents and civil liability (accidents caused by participants, damages that result from the conduct of the insured). This insurance doesn't cover sicknesses that may occur during the stay in the workcamp. Please inform your volunteers that they need to have their own insurance for travel and sickness.

» Leisure Time

Solidarités Jeunesses considers workcamps as an environment for volunteers to experience community life. For this reason, volunteers organize their leisure time activities together in accordance with local conditions, group preferences, and financial resources (budget planning). Opportunities may vary between visiting tourist attractions in the region, discovering the surrounding environment, and organising culture evenings with locals, etc... It is the responsibility of each volunteer to contribute to a positive and lively group dynamic!

» **Adult workcamps**

No participation fee

Workcamps usually last 2 - 3 weeks

Age limit : 18+ or 17+ for some workcamps

Working hours: 30 hours per week (mornings)

Afternoons are dedicated to cultural, non-formal education activities or leisure activities

» **Teenager workcamps**

Participation fee for teens: 200 euros that have to be at least 3 weeks before the workcamp by bank transfer for EU citizens or in cash upon arrival for non EU citizens.

Medical questionnaire and parental authorisation form have to be sent to SJ at least 3 weeks before the camp starts. You need to bring an original to the workcamp.

Age Limit : 15 -17 years + one workcamp for 12-14 year-old volunteers

Working hours: 25 hours per week (mornings)

Afternoons are dedicated to cultural, informal education/ recreational activities

» **Family workcamp**

Duration : 1 week

Between 3 and 5 families

Participation fee: 50€ for children under the age of 10, 100€ per person 11+

Age Limit for children : 5-15, there is no age limit for adults

» **European Solidarity Corps / Volunteering teams**

» open to EU and neighboring countries

travel costs will be partially reimbursed and pocket money will be provided

» **Trilateral workcamps**

These projects are open to all german organizations and partners who have already signed the preliminary Agreement of Partnership Groups should be prepared by the group leader before the project starts

Group leaders participate in the workcamp as co-leaders during the project

» **MTV projects (Adult)**

Minimum stay: 1 month

A Skype interview will be organized before acceptance

Age Limit : 18+

Type:

CONS: construction

CULT: cultural

ENVI: environmental

RENO: renovation

HERI: heritage

FEST: festival

ANIM: animation

SOCI: social

TEEN: teenager workcamp

FAM: family workcamp

MTV: middle term project

TRI: trilateral workcamp (OFA)

ESC: volunteering teams (European Solidarity Corps)

ADULT WORKCAMPs

SJ01 LIVING TOGETHER 11/04-29/04 CULT/FEST 6 vols 18 +

Project : Every year, the village of Cercoux organises a week of living together with the pupils of the pre-school and primary school just before the spring holidays. This year, the Mayor wanted to add an intercultural aspect to this festival and called on our organisation *Maison des Bateleurs-Solidarités Jeunesses* for this.

Work : During the first week, you will work with the children of Cercoux, from the nursery to the primary school, to organise the week of living well together. Depending on your affinities, you will be able to organise the preparation of dishes with the children of the primary school, or the initiation to music and dances of your choice to the children of the nursery and the pre-school. In the second week, you will work on interculturality and living together with the children who could not go on holiday. The last week will be more open to the different associations of the territory (youth associations, recycling centres...)

Accommodation and food : First, you will be living with a local family first, each one of you will have his/her host family. Then, from the second week onwards, you will be accommodated in the school where you will have all the facilities at your disposal. You need to bring your sleeping bag. You will be working at the school but you'll have a van for your travels through the region. Food will be provided for breakfast, lunch and dinner. Each meal will be prepared each day by teams except for breakfast, while respecting the values of sustainable development and the culture of each person (vegetarian and vegan meals are available upon request).

Location : Cercoux, in Charente-Maritime.

Leisure activities : You can enjoy many cultural activities such as visiting historical towns like Jonzac, Blaye, Rochefort, La Rochelle, Bordeaux, among others. You can also take the opportunity to go hiking in the surrounding forests, or enjoy the good times at the beach on the Gironde coast.

Closest train station : Coutras (33230)

Closest airport : Bordeaux

Time and directions to the meeting point : Coutras train station between 4pm and 6pm. The camp leaders will take you from the train station to the accommodation.

SDG : 3 Good Health -Wellbeing and 4 high quality education

SJ03 THE AIGUILLE FORT 1 24/05-14/06 RENO 10 vols 18+

SJ08 THE AIGUILLE FORT 2 16/06-07/07 RENO 10 vols 18+

Project: Located at the mouth of the Charente river, the Fouras peninsula is home to 3 ports and 5 beaches of the Atlantic coast. The municipality of Fouras-les-Bains and the association *Maison des Bateleurs - Solidarités Jeunesses* have wished to renew their partnership in order to continue the works of rehabilitation of Fort of Aiguille (known as the largest one in France) in connection with a peace-building environment with international volunteers. In an idyllic setting with a view of Fort Boyard, the project will involve the rehabilitation of the redoubt and the intercultural sharing between locals and young volunteers.

Work: You will work, during 13 mornings about 6 hours each, on the restoration of a new part of the northern facade of the redoubt, facing the Atlantic Ocean. You will have the task of

devegetating the facade and the crownings in order to proceed to dejointing them with lime mortar. In addition, you'll do traditional masonry such as the resumption of stone crowns and stone carving. Also, you will participate in raising-awareness activities about interculturality and sustainable development.

Accommodation and food: You'll sleep in a two-person tent. You'll need to bring your sleeping bag and a pillow. The camp will be at the Fouras campsite (pool, multi-sports area, WIFI, snack...) and you'll have bicycles for your transportation from the camp to the workcamp (15 minutes ride). Food will be provided for breakfast, lunch and dinner. Each meal will be prepared each day by teams except for breakfast, while respecting the values of sustainable development and the culture of each person (vegetarian and vegan meals are available upon request).

Location: Fouras-les-Bains, Charente-Maritime

Leisure activities: you can enjoy many water activities, such as fishing and sailing with local clubs. The beach, bike rides by the sea, beach volleyball and other pleasures are to be discovered. You can also visit museums as well as some cities such as La Rochelle and Rochefort. Your visit will favour the meeting with locals who are looking forward to seeing you, especially at table for an international diner party or the Music Festival, among other summer events!

Closest train station: Rochefort (17300)

Closest airport: Bordeaux

Time and directions to the meeting point: Camping Le Cadoret in Fouras at 6pm. All the information to get there will be in the project infosheet.

SDG : 11 Sustainable Cities and Communities

SJ04 A SUSTAINABLE PATH 25/05-08/06 RENO 10 vols 18+

Project: Come and discover one of the small perched towns in the South of France, Serres in the Alpes, which offers a magnificent panorama of the medium mountain range of the Baronnies Provençales! The town, leaning against the Pignollette rock, is made up of small shady mediaeval streets and covered and sloping passages in which it is good to stroll. At the top of this village and at the bend in the monks' path, is the chapel of Notre Dame de Bon Secours, which overlooks the Buëch valley. This building was erected in 1730 and blessed in 1732. Partly dug into the rock, it marries the hillside, on the presumed site of the former chapel of the castle of Serres. The Baronnies Provençales Regional Nature Park, in partnership with the association Les Villages des Jeunes and a hiking organisation, launched an operation to raise awareness and promote the drystone building technique in 2018. Elected officials and inhabitants will be mobilised for this operation through restoration actions and discoveries of the dry-stone built heritage (conference, visit).

Work: The "sentier des Moines" (monks' path) winds along the hillside below the chapel and is supported by dry stone retaining walls and has a stone-covered path, called a "calade" in southeast France. This year, you will rehabilitate a portion of a path in dry stone in order to give again its initial aspect in a preoccupation with the valorization of the heritage of Serres.

The following work will be undertaken: fishing and sorting of stones, earthwork and construction of the calade according to the very precise technique of dry stone construction (theoretical and practical contribution).

The workcamp will be supervised by a professional in dry stone construction techniques. A daily work of 6 hours is planned. The pedagogical objective is to discover a traditional construction technique which does not require any material, except stones from the stoning of fields intended

for agriculture or recovered from old buildings. Theoretical, historical and practical contributions will be disseminated. It should be noted that this workcamp is part of a more global action to enhance the site of the chapel. The population of the village is invited to take part in the work of clearing the brush and creating a calade on the chapel square.

Accommodation and food: You will be accommodated in individual tents next to the municipal gymnasium of the small town (1km walking distance from the workcamp site). A team of campleaders will be present to accompany you in the organisation of the collective life: planning of the household tasks, elaboration of the menus and preparation of the meals in turn (vegetarian, vegan and other specific diets are possible), organisation of the leisure activities and the outings. The purchase of local products is widely favoured. Bring a mattress, a good sleeping bag (the nights can be cold) and a pillow (to be adapted according to your needs).

Location: Serres is a small town in the South of France, nestled between the Alps and Haute Provence (30 km North of Sisteron, 140 km South of Grenoble). It has several services: train station, shops, Provençal market...

Leisure activities: Land of light, scents and flavours, the Baronnies Provençal is a land where the sweetness of life is combined with the practice of outdoor sports like idleness! Rich in natural and agricultural heritages adapted to the Mediterranean climate under alpine influence, the Provençal Baronnies are marked by fragrant, aromatic and medicinal plants: wild thyme, rosemary, lavender. Near Serres, you can discover many major sites in the south of the Hautes-Alpes: Aujour mountain and Clausonne abbey, Saint-Genis mountain, the Méouge gorges, Orpierre site, the Riou lake where you can practice many sports activities (climbing, mountain biking, hiking, swimming in lakes and rivers).

Closest train station : Serres (05700). Access via Valence TGV, Valence ville, Grenoble, Marseille Saint-Charles and Aix en Provence train stations.

Closest airports: Marseille or Lyon

Time and directions to the meeting point: Serres train station at 3:30 or 7:30 pm. The campleaders will drive you to the place of accommodation.

SDG: 3 Good Health-Wellbeing, and 15 Life on Land

SJ05 LET'S BUILD TOGETHER 13/06-04/07 CONS 8 vols 18+

Project: Clion-sur-Seugne is a rural municipality in the vicinity of Jonzac, in Charente-Maritime. In partnership with the Maison des Bateleurs – Solidarités Jeunesses, the Town Hall plans to create an intercultural link between international volunteers and locals, including children. Thus, the renovation of a common ground will be the justification for starting this joyful meeting!

Work: You will intervene, accompanied by a technical supervisor, on the restoration of a structure in a land to collective use by the premises. The aim will be to carry out traditional masonry work: de-jointing, digging joints and then re-jointing with lime mortar. In parallel, the project will take place with the contact of local children with international volunteers in order to animate intercultural times. Workshops on interculturality are planned to integrate the community at the worksite.

Accommodation and food: You'll sleep in a two-person tent, please bring your sleeping bag and a pillow. The camp will be in a garden, you'll have a kitchen and toilets, and the showers will be at the stadium which is located nearby the garden (5 minutes walk). You'll have bicycles for your transportation from the camp to the workcamp (5 minutes ride or 10 minutes by walk). Also, you'll have a van for your travels throughout the region. Food will be provided for breakfast, lunch and

dinner. Each meal will be prepared each day by teams except for breakfast, while respecting the values of sustainable development and the culture of each person (vegetarian and vegan meals are available upon request).

Location: Clion-sur-Seugne

Leisure activities: You can enjoy many cultural activities such as visiting historic cities such as Jonzac, Blaye, Rochefort, La Rochelle, Bordeaux, among others. You can also take advantage of the surrounding forests for hiking or enjoy the good moments at the beach on the coast of the Gironde.

Closest train station: Clion-sur-Seugne

Closest airport: Bordeaux

Time and directions to the meeting point: Clion-sur-Seugne train station between 4pm and 6pm. The camp leaders will shuttle you from the station to the accommodation.

SDG : 11 Sustainable Cities and Communities

SJ06 FREE MUSIC FESTIVAL 03/06-24/06 CULT/FEST 10 vols 18+

Project: Montendre is an attractive town in the south-west of France which, in 2001, saw the birth of the "FREE Music Festival", an artistic event of contemporary music, source of development and local dynamism, which contributed to the cultural growth of this pretty town. The work of international young volunteers, at the heart of the festival, brings a rich intercultural dimension to the artistic and intergenerational exchange carried by the event. 2022 sees the 21st edition of the festival!

Work: You'll work with other volunteers in the preparation, setting up and accommodation (camp, food/rest/volunteers' areas...) It consists of arranging the park to make it more attractive, and then you will welcome the public and help other volunteers with the logistics. After the event, you'll participate in cleaning and tidying the place in a friendly atmosphere! Moreover, you'll participate in raising-awareness workshops about interculturality and sustainable development.

Accommodation and food: You will be sleeping in dorms for 8 people at la Maison des Bateleurs in Montendre where you'll have everything at your disposal (sheets, mattresses, pillows, etc). You will also have a van for your transportation to the workcamp in Jonzac (20 minutes from the house) and for your travels throughout the region. Food will be provided for breakfast, lunch and dinner. Each meal will be prepared each day by teams except for breakfast, while respecting the values of sustainable development and the culture of each person (vegetarian and vegan meals are available upon request).

Location: Montendre, Charente-Maritime, 75 km away from Bordeaux.

Leisure activities: Between some nice villages in south Saintonge, you'll enjoy the local heritage. Aside from work, you'll take part in summer activities: music events, night, and local markets to taste local products. City tours, like Angoulême or Bordeaux and beach days can be organised. Cognac and St Emilion, two traditional towns of wine, are very close!

Closest train station: Montendre

Closest airport: Bordeaux

Time and directions to the meeting point: Montendre train station at 6pm. The campleaders will drive you to the place of accommodation.

SDG : 3 Good Health -Wellbeing and 4 High quality education

SJ09 DISCOVERING AN ECO-VILLAGE 13/06-24/06 RENO/CONS 8 vols 18+

Project : At the gates of the mediaeval village of Verfeil-sur-Seye is an eco-hamlet where about fifteen people live. What brings them together? The desire to create a place of life and cooperative exchange, where each one has its place, and in harmony with the surrounding nature. The whole place is built in an ecological way and shared spaces added to this environmental dynamic: vegetable garden, henhouse, etc.

Work: You will participate in the construction of the future «Maison Commune» (common house) of the association, intended to welcome visitors and the organisation of socio-cultural workshops of all kinds! With eco-friendly materials, you will realise the cloth and the coatings of the walls of the future common house. Framed by the inhabitants of the hamlet, you will learn the techniques of manufacturing these natural materials and how to use them.

Accommodation and food: You will be accommodated in tents that you will share with one other volunteer, on a campsite within the eco-hamlet. Dry toilets and showers will be reserved for you. Mattresses and pillows will be provided, but you should bring your own sleeping bag and bed sheets. A kitchen area will also be provided. Breakfasts and lunches during working days will be shared with residents of the eco-hamlet. In turn and as a team, you will be responsible for preparing meals and managing the place collectively (cleaning, shopping, etc.) Meals can be adapted to specific diets (vegan or vegetarian).

Location: near Verfeil-sur-Seye, 50 kilometres from Toulouse.

Leisure activities: In the heart of the Aveyron gorges, you can take advantage of the possibilities offered by the Tarn-et-Garonne: swimming in the Aveyron, visiting nearby mediaeval villages (Cordes-Sur-Ciel, Saint-Antonin-Noble-Val), hiking in the Bonant valley, etc. Discover the village of Verfeil-sur-Seye and its bubbling activity at the dawn of summer: game library, associative café, game night, etc. Accompanied by two campleaders, you will have the opportunity to meet the inhabitants and discover the Occitania region through their eyes. In the evenings and on weekends, go to discover the territory, or let yourself be carried by your imagination to organise a barbecue, a kayak on the gorges of the Aveyron, a folk ball and to open up to the population...! Finally, you will organise a large international meal open to everybody, in order to share with the inhabitants and visitors passing through the specialties from your culture.

Closest train station : Lexos (Varen, 82330).

Closest airport: Toulouse.

Time and directions to the meeting point : Lexos train station between 4 p.m. and 6 p.m. Campleaders will make shuttles between the station and the accommodation.

SDG: 11 Sustainable Cities and Communities

SJ11 A SEASONAL CUISINE 1 16/06-07/07 CULT 12 vols 18+
SJ85 A SEASONAL CUISINE 2 11/07-29/07 CULT 12 vols 18+

Project: Cooking outside, from A to Z, involves making work plans, setting up a structure for shelter, peeling vegetables and cooking dishes from here and elsewhere. You will be the first volunteers welcomed to our new reception area and you will participate in the creation of an outdoor kitchen for our summer receptions, but also to mark our arrival in the village by offering good meals and activities to inhabitants.

Work: You will be in charge of creating an outdoor kitchen and a camping area in the courtyard and garden of the former rectory of Cause de Clérans. You will also have the opportunity to do small carpentry and earthworks, small plantings and landscape maintenance. Times around food for the inhabitants will be organized to enhance interculturality. The work will take place on weekday mornings.

Accommodation and food: You will stay in a tent in the garden next to the reception area, with access to the toilets and showers of the place. Individual tents or for two will be provided, as well as ground mattresses. Remember to bring your duvet and a pillow. You will prepare menus and meals together, taking into account the season, everyone's needs and the pleasure of sharing together.

Situation: You will be welcomed at our place of residence where long-term volunteers live all year round. On the edge of the village of Cause de Clérant, you will be in a rural environment and will meet the inhabitants of the sector. You will also have the opportunity to go and participate in cultural events in Bergerac, about fifteen kilometers away.

Leisure activities: You will build your activity program together, based on the possible outdoor activities around us.

Closest train station: Mouleydier, 24520.

Meeting point : We will be waiting for you around 5 p.m. at the station, located about 5 km from the site.

Closest airport: Bordeaux – Mérignac.

SDG : 11. Sustainable cities and communities and 12. Responsible consumption and production

SJ12 FROM THE DRONNE TO THE HILLS 13/06-03/07 ENVI 12 vols 18+

Project : Come and highlight the small heritage of a rural town between beautiful rivers and hills. The municipality of La Roche Chalais is hosting an international workcamp of volunteers for the fourth year: after carrying out paths which connect the village to the river and redeveloped the banks of the river we continue to work on the heritage and natural spaces of the village. In connection with the various political, cultural and technical actors of the territory, this camp will bring you to meet a rural territory and to participate to its dynamism. It will also be an opportunity to participate in a broader program of support for the integration of refugees in this territory through voluntary actions. Indeed, a group of local inhabitants mixing "original" inhabitants and newcomers will participate with you at the different times of the construction site, helping to break down the labels and stereotypes around migration and to enhance their involvement in this territory. All these different local people and the regulars of the campsite where you will be accommodated will offer you many ways to participate in local life: meals, activities with the children of the school, local associations... You will discover the hospitality of the population and the charm of the

landscapes and local heritage, by organizing with the other volunteers and leaders your program of activities.

Work : The workcamp will be composed of various works of environment and enhancement of the built and natural heritage (maintenance of sports course, approaches to a pond, restoration of wash houses and calvaires, ...) You will work in various spaces in and around the village frequented daily by the Chalaisiens. to improve their living environment. You will be on the worksite in the mornings and discover the surroundings and collective life in the afternoons.

Accommodation and food : You will be welcomed at the municipal campsite, very comfortable! Sleeping under tents, camp beds provided. Remember to bring your duvet and a pillow. A covered dining area is reserved for you, with a kitchen where you can prepare good food in turn.

Location : La Roche Chalais is located on the Greenwich meridian, at the crossroads of four departments and 70 km from Bordeaux, Périgueux and Angoulême.

Leisure activities: You will build your activity program together, based on the possible outdoor activities around us.

Closest train station: Saint-Aigulin station (17360)

Meeting point : let's meet on the 18th June in the late afternoon at Saint-Aigulin station (17360).

Closest airport: Bordeaux – Mérignac.

SDG: 1 No poverty and 10 reduce inequalities

Special requirements: you will often work with your feet in the water, bring suitable boots and clothing !

SJ10 HISTORICAL WANDERINGS IN CLAUSONNE ABBEY 1 19/06-03/07 RENO 10 vols 18+

Project: Participate in the valorisation of a historic site at the heart of idyllic mountain landscapes ! Join us and come discover l'Abbaye de Clausonne and its natural environment at 1140 metres of altitude!

It is in the XII century that the Abbaye sees the day. After multiple periods of deconstruction and of reconstruction over the centuries, in the 20th century, it became an agricultural building, which was abandoned in the 1950s. It is in 1994 that the association of friends of Abbaye of Clausonne was created to conserve the vestiges of this exceptional architecture, on an exceptional site. Since then, the association wanted to make this place a place of discovery, learning and knowledge.

Work: Do you want to learn ancient techniques of masonry, the use of ancient material and ecology? This year, we will work to continue the masonry in stone, on the ancient sheep herding, in order to make it, in a few years, a room for cooking, storing tools, etc. We will continue as well to work on putting value in the site and hiking trails. And if the time allows, we will participate in the construction of stone stairs in the sheepfold with the help of masons that will be there to transmit their knowledge! The work represents 30h in a week. The nights and weekends are free for activities that you will choose to organise together.

Accommodation and food: You will be accommodated in individual tents directly on Clausonne spot. Dry toilets, a kitchen and showers will be available. A barnum will be set up and will be your common space under cover. There is no WIFI. But you will meet people from all over the world! You will take turns cooking, so that we can taste several specialties! Here, we are careful about

what we eat. To reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organised together: organisation of the menus (vegetarian, vegan and other specific diets are possible), shopping, activities, etc. Bring a mattress, a good sleeping bag (the nights can be cold) and a pillow (to be adapted to your needs).

Location: The Abbey of Clausonne, 5 km from the village of Le Saix, is 15 km away from the first town, Veynes. Once or twice a week, we organise some shopping trips with our vehicles!

Leisure activities: You will be in an exceptional setting to discover the pleasures of mountain hiking, its rivers, its lakes, the farmers and producers markets, the festive nights organised in surrounding villages. In group, you will decide activities and discovery outings that you wish to set up. The hosting centre usually organises one musical evening per week with homemade wood-fired pizzas.

Closest train station: Veynes Dévoluy (05400), the meeting times are generally between 4pm and 6pm at the station

Closest airports: Marseille, Lyon

Closest airport: Bordeaux

Time and directions to the meeting point: Veynes Dévoluy train station between 4pm and 6pm. The organisers will make shuttles between the station and the place of accommodation.

SDG : 11 Sustainable Cities and Communities

SJ15 FESTIF L'ART FESTIVAL 27/06-10/07 CULT 13 vols 18+

Project: The Festif l'Art is a festival of contemporary music created in 2008 and organised by the members of association Asso Siff'l'Art. It aims at favoring access to culture to a large number of people, so the festival proposes concerts with a wide range of styles (pop-rock, reggae, electro...) and various shows and workshops: painting walls, circus, chill-out, trash art... The association also applies a price policy based on donation. Each year the Festif l'Art follows a theme in order to encourage the public imagination. The association wants to host for the first time an international workcamp, in order to develop the intercultural dimension of the festival and also to support the organisation team.

Work: You will collaborate with the members of the association in order to install, organise and dismantle the festival. You will be involved in different tasks: wood and building work, cooking, helping the Green team to organise eco-friendly practices, material installation and decoration. During the festival you will also be able to help with the service and some activities for children. Working hours will vary, depending on the festival activities. However, time slots will be reserved for leisure activities.

Accommodation and food: You will sleep in collective tents near the festival place and near the camping area for the members of the association. Please bring a sleeping bag with you. Some bathrooms and showers are close to the camp site. Food will be provided and cooked by teams of volunteers and association members.

Location: The festival is organised in the town of Chauconin-Neufmontiers which is located 40 km east from Paris.

Leisure activities: During your free time, you will have the possibility to visit the town of Meaux, the local cultural heritage, and to enjoy the local activities organised in summer. Free-time activities will be organized collectively, depending on the wishes of the group and the available budget.

Closest train station: Meaux train station 77100.

Closest airports: Paris Roissy Charles de Gaulle airport, Paris Orly and Paris Beauvais.

Time and directions to the meeting point: Meaux train station between 2pm and 4pm

Observations: This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive some days before or leave some days after the dates of the workcamp.

SJ18 THE DEMOISELLES TRAIL 08/07-22/07 RENO 12 vols 18+

Project : Come and enjoy a workcamp in the village of Rémollon in an atypical setting. Rémollon is located on the banks of the Durance river near the Serre-Ponçon lake, one of the largest artificial lakes in Europe. Rémollon by its specific geographical situation benefits from an agricultural zone exploited for the culture of the vine. It is there that wine is produced in the Hautes-Alpes and that the Maison des Vignerons was recently created. In the continuity of this project of the House of the Winegrowers, the commune of Rémollon wishes to develop a labeled tourist path to link the history of the vineyard to the capped Demoiselles which overhang the village. The Demoiselles coiffées are spectacular geological formations due to rain and torrential erosion, and recognizable by their shape of high columns topped by a rocky cap.

The commune of Rémollon in partnership with Les Villages des Jeunes wishes to begin work on renovating the trail in order to enhance its history and ancient built heritage.

Work: Do you want to learn ancient masonry techniques and to register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production? How to use ancient and ecological materials?

You will work on a retaining wall on the path that leads to the Capped Demoiselles. Some areas of the wall have collapsed. You will have to clear the stones one by one so that you can reposition them after cleaning the areas. Once these gaps are rebuilt, you will take over the copings (stones that come on top to finalize the wall) which will eventually be sealed with lime mortar. This workcamp will give you an introduction to dry stone masonry techniques that a technical supervisor will teach you.

Accommodation and food: You will be accommodated at the Ecolodges des 3 lacs campsite in the commune of Rochebrune opposite the village of Rémollon. Everyone will have their own tent. A bungalow will be available to prepare meals and a marquee will allow the group to meet to share meals, play games... You will take turns in the different missions of daily life according to a schedule that you will define with the animation team and that will accompany you to carry them out. These missions are to make sure that the camp is clean, to elaborate the menus (vegetarian, vegan and other possible specific diets) and do the shopping (local products preferred), to prepare the meals for the group, to organize the leisure activities and the outings. The meals will be shared by all the people present on the farm. Bring a mattress, a good comforter (nights can be cold) and a pillow (to be adapted according to your needs).

Location: Rémollon is 15km from Gap in the south of the Hautes-Alpes department, at the gateway to the Ubaye valley.

Leisure activities : You will take advantage of the natural environment of Rémollon and in particular of the numerous places of bathing very easily accessible, like the 3 lakes in direct proximity or the lake of Serre-Ponçon or the Durance. You will have the leisure to hike in the

surrounding massifs and will be able to initiate you to many mountain sports (via ferrata, climbing, canoeing etc.).

Closest train station : You can arrive by train from Grenoble or Marseille directly to the Gap train station. Carpooling is also possible, think of consulting the offers. The meeting times at the Veynes train station will be communicated to you on the route map (no times available at this time).

Closest airports : Marseille and Lyon

SJ19 ART IN MELLE 08/07-29/07 ENVI/CULT 10 vols 18+

Project: For many years, the municipality of Melle has been working hard for the respect of the environment. It is therefore committed to safeguarding and enhancing biodiversity. This year, the municipality is committed to developing the multi-activity space in the city center, between the social center, the housing center and the media library. Thus, interculturality will be lived closer to the premises with awareness-raising activities aimed at the community's commitment to the values of interculturality and international solidarity. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: You will have several missions within this construction site: the creative and artistic development of green spaces, urban furniture and sports structures. Finally, you will be encouraged to participate in local life, in particular through the organization of evening concerts and July 14 festivities. You will lead intercultural awareness workshops for the general public, where your theatrical skills and commitment will be highlighted. You will work around 5 hours per morning, and sometimes in the evenings to help with the concerts' organisation.

Accommodation and food : In a tent, in the municipal campsite with a tivolì (large tent) available and all facilities (refrigerator, gas cooker, kitchen utensils, etc.). You must come with your duvet and pillow. You will have a vehicle available for all mobility in the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Melle, department of Deux-Sèvres, 60 km from the sea, between Poitiers and La Rochelle.

Leisure: Outside construction time, you will take part in concerts, shows and summer events which are numerous in the town! You can also visit historical, cultural and tourist sites that make the charm of our region.

Closest train station: Niort (79,000)

Closest airport: Bordeaux (33000)

Time and directions to the meeting point: Niort train station between 4p.m. and 6p.m. The facilitators will shuttle between the station and the place of accommodation.

SJ20 BEAUFEST'YVAL 08/07-29/07 CULT/FEST 10 vols 18+

Project : The Beaufest'Yval is a festival of live shows and entertainment for all families and all ages. It is held in the park of Beaufief (in Mazéray), in a unique setting of 8 hectares, in Charente-

Maritime. This festival is organized by the Beaufief Leisure Center association, an association that works to set up a real animation of local life and promote openness to interculturality for all. This festival is an exceptional opportunity to live together with a moment of sharing and artistic conviviality. A long-time partner, the shipyard will celebrate its 6th anniversary at the heart of the 11th edition of the festival, which is a great success. Your actions will be in accordance with the objectives 4 of sustainable development (UN) in favor of quality education.

Work : You will work with volunteers, children and young people from the Beaufief leisure center, preparing and setting up the festival. The work will consist of developing the park and making it attractive, helping to set up the tents, stages and stands. In addition, you will organize activities with the children of the leisure center in parallel with the installation. During the festival, you will be required to welcome the public, help volunteers and you will have the chance to participate in an open stage. After the event, you will help clean up and tidy up the site. Activities, games, sharing and living together will enrich this intercultural experience! You will also have the opportunity to put on a small show within the festival. You can also come with costumes, instruments or juggling to give color to the festival.

Accommodation and food: You will stay in tents with two individual places, in an 8-hectare park which is the site of the Beaufief leisure center in Mazeray. There will be showers, a kitchen and a common area for meals. You must come with your duvet and pillow. You will have at your disposal bicycles to ride around the city and the surroundings. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Mazeray, Charente-Maritime, one hour from La Rochelle

Leisure Activities: Volunteers from the Beaufief leisure center will offer you activities aimed at immersing you in local life and you will discover the cultural and heritage richness of the surroundings (castle, abbeys, arboretum, etc.). You can also enjoy hiking around this somewhat isolated corner of modernity.

Closest train station : Saint-Jean d'Angély (17400)

Time and directions to the meeting point: Saint-Jean d'Angély station between 4 p.m. and 6 p.m. The facilitators will shuttle between the station and the place of accommodation.

SJ22 THE ORIGINS OF ENERGY 09/07-23/07 RENO/ENVI 12 vols 18+

Project : Since 2002, the Citrus association has been organising international workcamps in the Tarn-et-Garonne region. Each year, dozens of volunteers from all over the world take part in a technical work camp of public interest, in the heart of a village. This year, it is in the village of Golfech, at the doors of Tarn-et-Garonne, that you will participate in an international workcamp and give life to the values of Solidarités Jeunesses, such as promoting peace, interculturality and meeting! The city of Golfech host since 1991 a nuclear power station which produces around 50% of the energy in Occitanie. This workcamp will be the place to think about the origins of the energy we use every day and some habits in the different countries. Your actions will be in accordance with the objectives 3, 4 and 7 of sustainable development (UN) in favor of good health and well-being, quality education and affordable and clean energy.

Work : You will take part in a mural fresco in the heart of the town ! Guided by the local artist Helder Batista, you will create its pattern with the local youth, inspired by the cultural identity of the area. You will learn the technics of mural art. Therefore, one of your mission will be to connect with

the local population in order to realize this collective work. The technical work will take approximatively 30 hours per week (6 hours per day, 5 days a week).

Accommodation and food : You will sleep in a dormitory in a community hall, really close to the work site. Mattresses will be provided, you only need to bring your sleeping bag. A shower and toilets are on site, and a kitchen and living room will be available nearby. There will be no washing machine available.

Every day, a team of volunteers will cook meals for the whole group, according to menus that you will have chosen collectively. Special attention will be paid to seasonal and local food. Some arrangements for special diets can be made with the group leaders.

Location: Golfech, 20km away from Agen.

Leisure activities: In the department of Tarn-et-Garonne, you will enjoy the many opportunities of the area : swimming in the river, hiking in medieval villages (Lauzerte, Aurillac, ...), and so on. Guided by two campleaders, you will meet the inhabitants and share with them this unique experience! You will organise workshops with local inhabitants to discuss about renewable and non renewable energies. In the evenings and at weekends, let your imagination run wild and organise a barbecue, a karaoke night, a folk dance, etc. Finally, you will organise a big international meal, open to all, in order to share specialities from your culture with the inhabitants and visitors.

Closest train station : Valence d'Agen (82000).

Closest airport : Toulouse-Blagnac (31 000)

Time and directions to the meeting point: At 6PM, campleaders will pick you up at Valence d'Agen train station.

SJ28 THE PINSON MOUND REDOUBT 10/07-30/07 RENO/ENVI/SOCI 14 vols 18+

Project: The Pinson Mound Redoubt is a military fortification dating from the late 19th century which used to protect the city of Paris. It was stocked with armaments and supplies such as gunpowder, alongside many artillery pieces. Nowadays, the towns surrounding the fort are working together to give a new life to the site. The redoubt will become a place for meeting up, leisurely strolls, cultural and ecological events. Since 10 years ago, international workcamps have contributed to the renovation and management of the site. This allows youths from 4 neighboring towns and international volunteers alike to meet and work together to transform the area. Furthermore, a beekeeping organisation and amateur winegrowers will also participate in giving the Pinson Redoubt a second life. Your action will be in accordance with the objective 4 of sustainable development (UN) in favor of quality education.

Work: The meetup between volunteers and the local youth is one of the main objectives of the project. This year, you will participate in continuing existing work alongside local town youths.

- Restoring part of an original outer wall. (Removing vegetation and rebuilding the top of the wall, using simple stone masonry work to build a cover for the top to prevent further damage.
- Setting up a pedagogical path about local animals and plants, for the people wwlaking and enjoying the place later on.
- Renovating wooden stairs which allow people going for walks to explore freely in the hills around the site.
- Restoring original metal grills, which protect the entrances and the windows of rooms and stone corridors, some of which were dug on the redoubt itself.

During the project you will work alongside neighboring town youths., as well as share meals and organise leisure activities with them. Plenty of opportunities to make. You will work in the morning, the afternoon will be reserved for leisure activities.

Accommodation and food: You will sleep on inflatable mattresses in dormitories in a leisure centre. You will need to bring a sleeping bag. Food will be provided and cooked in turns by mixed teams of volunteers and local young people. One kitchen is located at the leisure center and another kitchen for lunches is located in the fort. Showers are available in the leisure center.

Location: The town of Montmagny is located 15 km North of Paris. The fort is located at the top of a small hill in the middle of a 110 hectare regional park, near some urban areas.

Leisure activities: During the workcamp you will be able to take part in cultural outings and social exchanges organised with local partner associations in order to create more connections between international volunteers and local young people. Other free-time activities can be organised collectively, depending on the wishes of the group and the available budget.

Closest train station: Pierrefitte-sur-Seine train station, 95380

Closest airports: Paris Roissy Charles de Gaulle, Paris Orly and Paris Beauvais.

Time and directions to the meeting point: Pierrefitte-sur-Seine train station between 2pm and 4pm.

Observations: This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive some days before or leave some days after the dates of the workcamp.

SJ33 THE VAUNIERETTE BRIDGE 2 11/07-01/08 CONS 12 vols 18+

Project: Participate in the development of a workshop for young and old, professionals and neophytes, sounds interesting, doesn't it? Join us and come discover the Hameau de Vaunières and its natural setting at 1173 meters above sea level ! Vaunières, a hamlet unlike any other ! Lost at the end of the Buëch valley, at the heart of the Hautes Alpes, the association Les Villages des Jeunes has managed, organized, and renovated the residential center of Vaunières since 1964 ! Vaunières was a former small mountain village that today has become a sort of launching pad for local youth and adults, but it's also a venue used to host French and international volunteers. Vaunières is a vacation destination for many families, tourists, and constituent groups who come to take advantage of the calm mountain atmosphere and the dynamics of the environment. The workcamps that we organize at Vaunières with volunteers from all countries allow us to reinforce the cultural diversity of our engagement and make this site a place that is open to the world, where people of all ages and of all social and cultural backgrounds agree to meet each other and work together while participating in life within a community. The activities at the Fai farm are in line with several objectives of sustainable development by a responsible consumption and production, by a functioning which wants to be equal for each person present, by an attention brought to a participative education of quality and this since its origin and also the wish to take part in the wellbeing and the good health of the people. We hope that you too, a volunteer from France or abroad, will come with this spirit of openness and collaboration that fuels our project !

Work: This summer's construction sites will all be working to rebuild a bridge over the small Vaunierette river. This bridge was built in the year 2000 and had begun to deteriorate seriously. At the end of last summer, the team dismantled it for safety reasons. This year, we invite you to participate in its total reconstruction. The first step will be to dismantle the central stone pillar which is in danger of collapsing into the river. After that, the preparation work of the wooden structure will be done. The technique that will be used is very common in the construction of bridges and aircraft fuselages. It is the triangulated or lattice system which consists in assembling each section so that a good balance of stresses is respected. And it promises a pretty cool result...

Accommodation and food: Accommodation will be in individual tents, which we provide, as well as mattresses, on the camping areas of the hamlet of Vaunières, with access to showers, toilets, and the kitchen. There is no WIFI. But you will meet people from all over the world! You will take turns cooking, so that we can taste several specialties! Here, we are careful about what we eat. To reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organized together: organization of the menus (vegetarian, vegan and other specific diets possible), shopping, activities, etc. Bring a mattress, a good comforter (the nights can be cold) and a pillow (to be adapted to your needs).

Location: Le Hameau de Vaunières, 6km from the village St Julien en Beauchêne, is 23km away from the main city, Veynes. Grocery shopping, which will be conducted once or twice a week, will be organized using our vehicles.

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and outings that we want to set up (subject to distance). Once a week, the welcome center generally organizes an evening of music with homemade woodfired pizzas.

Closest train station : Lus-La-Croix-Haute (26620). The meeting times at the Veynes train station will be communicated to you on the route map (no times available at this time).

Closest airports: Marseille or Lyon.

SJ36 UNITED STEPS 16/07-30/07 CONS 8 vols 18+

Project: Based on community developmental work, this project intends to facilitate an exchange between the local community and international volunteers. In response to the UN goal of "Sustainable cities and communities", the work camp will be focused on creating common intercultural space and exchange with the local community, exploring new ways of thinking, and acting, sharing experiences, living alternatively and taking part in collective life. There will be many occasions to promote solidarity. All international workcamp memories are unique, so come to Torpes and make your own!

Work: There was a time when the villagers of Torpes could easily get from the highest part of the village to lower part next to the train station. Today these parts are rather disconnected, so the village wants to improve their daily lives by constructing a wooden staircase, reuniting the two parts of the village.

With the help of a technical supervisor, you will learn architectural techniques and carpentry. The work (around 6 hours a day) will be organised in teams, and you will also oversee all chores such as, cooking cleaning etc.

Accommodation and food: You will live in the local gymnasium, which will be reserved for the team. The community will provide you with beds and you can prepare meals and wash clothes on site. Bring your own bedding, blankets or sleeping bags.

Accompanied by the camp leaders, you will make the menu and prepare the meals, in turns. Feel free to initiate collective meals with the other residents. Vegetarian options are available. You will oftentimes share meals with the villagers giving you the opportunity to discover the local gastronomy and what makes it unique.

Location: The commune of Torpes is situated 17 km from the city of Besançon, in the department of Doubs. The worksite is five minutes on foot away from your accommodation.

Leisure activities: May it be during the afternoons or weekends; your group will initiate and organise the activities. The ideal programme will account for the wishes of everybody and financial side of things. It might include hikes along the banks of the river *Doubs*, using the local sports terrain, exploring caves, and visiting *Besançon*. You can also rely on the support of the villagers for organisation, as they will be delighted to engage with you and to give advice on how to best discover the local environment and enjoy your stay.

Closest train stations: We are located 30 minutes by car away from the two stations of *Besançon* (*Besançon-Viotte* and *Besançon TGV*).

Closest airports: Paris or Basel in Switzerland.

Time and directions to the meeting point: A meeting point will be established to facilitate your arrival. The campleaders will drive you from the station to *Torpes*. This is planned towards the end of the day between 4 pm and 6 pm.

SJ38 2000 YEARS OF HISTORY 22/07-12/08 (dates to be confirmed) RENO/ARCHEO 10 vols 18+

Project: Formerly called "Poitou's Little Switzerland ", the village of *Béruges* has protohistoric, Gallo-Roman and Merovingian ruins. It values nowadays its historical assets via an archaeological garden where we can admire Gallo-Roman arches and stonework. There is also a museum telling the past daily life (pottery, toiletries and ornaments, tools) with discovery paths: ancient path, Gallo-Roman wall, viewpoint... The village of *Béruges*, association's three-year supporter, is renewing its partnership with "Maison des Bateleurs - Solidarités Jeunesses", in order to host a workcamp carrying *Maison Bourdin*'s renovation, which is to promote the local heritage. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: Guided by an INRAP archaeologist, you will work to enhance the base wall of a Gallo-Roman villa. You will have to unwegetate the wall in order to clean it, so that the archaeologists can study it. You will work for around 5 hours in the mornings.

Accommodation and food: You will sleep in a two-persons tent, at the old presbytery's garden within the village. Please bring your duvet and your pillow. You will have a vehicle available for all mobility in the region. The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: *Béruges*, *Vienne*, 12 km from *Poitiers*.

Leisure activities: *Béruges*' Friends Organization's volunteers and villagers will accompany you in the village and surroundings' treasures, full of ancient landmarks and caves. Activities and walks will be scheduled, as you wish, thanks to the villagers. In your spare time, we will join local celebrations and night markets. You may explore cities such as *La Rochelle* or *Poitiers*, as well as the "Futuroscope" theme park.

Closest train station: *Poitiers* (86000)

Closest airport: Paris or *Bordeaux*

Time and directions to the meeting point : At the train station of *Poitiers*, between 4pm and 6pm. The facilitators will shuttle between the station and the place of accommodation.

SJ39 CAPE TO THE ISLAND OF OLÉRON 2 23/07 -06/08 RENO 10 vols 18+

Project: The town of "Grand-Village", a resort in southwest "Oléron" Island, by the Atlantic, is a loyal partner (since 1996). For some years now, the intercommunity and the town of Grand-Village have worked to enhance the local lifestyle, since the 19th century. It relies on the Oléron's traditional cottage, reflecting the insular life in the late 19th century. In order to restore this "eco-farmhouse", due to be a site to explore and experience, local municipalities have again wished to set a workcamp. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: Led by an expert with stone-cutting experiences, you will continue the last session's work. You will learn several traditional masonry's techniques: renovating and erecting the dry stone walls that surround and delimit the spaces of this traditional house. You will work on the mornings for around 5 hours, adapted to the weather conditions.

Accommodation and food: On a campsite, in two-persons tents, with all the facilities on site (showers, toilets, kitchen). Please bring a sleeping bag and a pillow. Bikes will be available to go on the worksite and to have a ride on the island. You will have a vehicle available for all mobility in the region. Food will be provided and meals will be prepared, in turn, by you, while respecting the values of sustainable development and the culture of each other.

Location: On the island of Oléron, 35 km from Rochefort-sur-Mer, Charente Maritime.

Leisure activities: You will have many sea activities opportunities, such as fishing and surfing at local clubs. Beach, seaside bike rides, beach volleyball... There are also cities to enjoy like La Rochelle and Rochefort. Entertainment and excursions will be held with locals and in particular with the young people of the "Grand-Village" youth center. Free time will favor encounters with locals waiting for you!

Closest train station: Rochefort (17300)

Closest airport: Bordeaux

Time and directions to the meeting point : At Rochefort train station, between 4pm and 6pm. The facilitators will shuttle between the station and the place of accommodation.

SJ41 JOURNEY TO THE MIDDLE AGE 23/07-13/08 CULT 15 vols 18+

Project: Travel back in time: help transform a village into a medieval fair! Each year, this fair, organized by the Souvigny Grand Site association, attracts more than 30,000 visitors over 9 days! In this context, you will cooperate with the team of local volunteers to set up the installations, animate the stands, cook and all that is necessary for the smooth running of the fair. Your actions will be in accordance with the objectives 5 and 8 of sustainable development (UN) in favor of gender equality and decent work and economic growth.

Work: Work is technical, physical and organizational at the same time. This will involve: setting up stalls (wooden stands), tents and barnums, then dismantling them at the end of the fair, guiding the public and working on the signage, the traffic plan and the route, ensuring the organization logistics of the fair (kitchen, storage, etc.), animate stands such as the refreshment bar, the pancake stand, etc. During the setting up and the setting down of the festival, you will work on the mornings and on the afternoons. During the festival, you will share the meals and take part on the animation in the evenings.

Accommodation and food: Your collective dormitory will be located in a municipal building. Food is provided and meals are prepared by the volunteers in turn in a hard kitchen. At noon, meals are taken with the other volunteers of the festival. Take your best recipes with you!

Location: For 24 years, Souvigny has hosted international work camps to take part in the overall organization of the event and to share the traditions of French medieval culture. For nine days, the town becomes the theater for shows by Troubadours and Saltimbanques. Amateur and professional troupes perform on open stages. You will discover different stands and themes: music, theater, juggling, fire artists, tightrope walkers, birds of prey and horses, craftsmen at work and living camp, forge, kitchen, tents, etc. Welcome to the Souvigny of yesteryear!

Leisure activities: Leisure time is organized collectively with the whole group. During the second week and the weekends, you will be busy with the fair. The discovery of the region will therefore be done more in the last week. You have the chance, on the other hand, to be able to participate in the concerts, workshops, exhibitions and animations set up within the framework of the fair!

Closest train station : Moulins-sur-Allier (03000), 4 rue Philippe Thomas

Time and directions to the meeting point: Let's meet at Moulins-sur-Allier train station, at 2pm !

Note: Some parts of the site can be quite physical. It is a question of transporting and mounting sometimes heavy and imposing structures. You need to be in good physical condition to be able to participate.

SJ43 THE MERCANTOUR SILVER MINE 1 24/07-06/08 PAT 12 vols 18+

Project: Young international volunteers, students, researchers, archaeologists will come together for this project which aims to open the Vallauria silver mine to the public in 2023, a site which was mined in the Middle Ages and then from 1750 to 1930 for its lead, silver and blende deposits. Every year for the past 12 years we have worked on securing the site, its access and on carrying out historical and scientific studies.

You will participate in the final finishing work on the underground tour circuits. 900m of galleries have been fitted out over about 20km of existing galleries which represents an exceptional industrial heritage and the largest mine in the Alps.

Work: The purpose of these finishing works is to ensure that the entire circuit and all the areas are clean, comfortable and secure. This project will benefit from technical supervision and daily monitoring by an archaeologist.

The works to be carried out: stone staircase, securing of dry-stone walls, construction of a wall, installation of a wooden banister, transfer of archaeological material, levelling of the floor, etc. You will work 4 days a week, from 8.30 am to midday and from 2 pm to 5 pm.

Accommodation and food: You will be housed in 4 to 6-person rooms with bathrooms. The meals are prepared by a kitchen team, however you will be asked in turn to help to tidy the dining rooms, tableware and kitchen.

Location: Tende, 2 hours from Nice (by train). The site is isolated in the mountains (altitude of 1,500m), 10km from the village of Tende and 50km from Vintimille (Italy).

Leisure: In addition to the weekend, in the middle of the week, one day will be devoted to visits and activities. You will discover the mountain environment (fauna, flora, hiking at the Vallée des Merveilles archaeological site in the Mercantour National Park) and the historical and cultural heritage of the region (visit to the medieval villages in the Roya valley). You will also be able to

enjoy some sports activities, tree-climbing circuits and via ferrata). You will be accompanied by an activity coordinator.

Special requirements: You will be working underground. Take note if you suffer from claustrophobia! Some stones and occasional buckets of mortar may be rather heavy!

Closest train station: Tende (06430)

Closest airport: Nice

SJ45 HISTORICAL WANDERINGS IN CLAUSONNE ABBEY 2 25/07-08/08 RENO 12 vols 18+

Project: Participate in the valorisation of a historic site at the heart of idyllic mountain landscapes ! Join us and come discover l'Abbaye de Clausonne and its natural environment at 1140 meters of altitude!

It is in the XII century that the Abbaye sees the day. After multiple periods of deconstruction and of reconstruction over the centuries, in the 20th century, it became an agricultural building, which was abandoned in the 1950s. It is in 1994 that the association of friends of Abbaye of Clausonne was created to conserve the vestiges of this exceptional architecture, on an exceptional site. Since then, the association wanted to make this place a place of discovery, learning and knowledge. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: Do you want to learn ancient techniques of masonry, the use of ancient material and ecology? This year, we will work to continue the masonry in stone, on the ancient sheep herding, in order to make it, in a few years, a room for cooking, storing tools, etc. We will continue as well to work on putting value in the site and hiking trails. And if the time allows, we will participate in the construction of stone stairs in the sheepfold with the help of masons that will be there to transmit their knowledge! The work represents 30h in a week. The nights and weekends are free for activities that you will choose to organize together.

Accommodation and food: You will be accommodated in individual tents directly on Clausonne spot. Dry toilets, a kitchen and showers will be available. A barnum will be set up and will be your common space under cover. There is no WIFI. But you will meet people from all over the world! You will take turns cooking, so that we can taste several specialties! Here, we are careful about what we eat. To reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organized together: organization of the menus (vegetarian, vegan and other specific diets are possible), shopping, activities, etc. Bring a mattress, a good sleeping bag (the nights can be cold) and a pillow (to be adapted to your needs).

Location: The Abbey of Clausonne, 5 km from the village of Le Saix, is 15 km away from the first town, Veynes. Once or twice a week, we organize some shopping trips with our vehicles!

Leisure activities: You will be in an exceptional setting to discover the pleasures of mountain hiking, its rivers, its lakes, the farmers and producers markets, the festive nights organized in surrounding villages. In a group, you will decide activities and discovery outings that you wish to set up. The hosting center usually organizes one musical evening per week with homemade wood-fired pizzas.

Closest train station: Veynes Dévoluy (05400), the meeting times are generally between 4pm and 6pm at the station

Closest airports: Marseille, Lyon

Closest airport: Bordeaux

Time and directions to the meeting point: Veynes Dévoluy train station between 4pm and 6pm. The organisers will make shuttles between the station and the place of accommodation.

SJ46 THE DISCOVERY OF AN ABANDONED VILLAGE 27/07-09/08 RENO 12 vols 18+

Project: Join us in the heart of the provençale Baronnies, in a stunning setting surrounded by mountains at the site of the abandoned village Saint Cyrice ! A 12th century church is all that remains of this village, and enthusiasts have taken on the job of restoring and showcasing it. Situated at the top of a hill, the view from the church is magnificent. The principal aims of this workcamp is to upgrade the former main road of the village, to remove the original stone floor located in the square of the church, and to create a supporting wall at the entrance of the site. These works will enhance this site which is frequented by tourists. In addition to the restoration of local heritage, this operation made it possible to (re) demonstrate to elected officials and inhabitants the interests and challenges of this technique for the restoration and creation of structures: management of runoff water, creation of a biodiversity zone, use of local resources, performance in terms of longevity, assets in the context of landscaping and enhancement of natural sites, interest in the tourism enhancement of certain sites, etc.

Work: Do you want to learn ancient masonry techniques and to register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production? How to use ancient and ecological materials?

This session will consist of restoring the retaining walls of the slope in the main street of the old village. For this, it will be necessary to start with a work of cleaning of the vegetation then of the resumption of the low walls in dry stone. In the extension of these low walls, three small stone steps will also be resumed to facilitate access to the path. In parallel to this work, there is a mission of an archaeologist in the making to be carried out: the classification of elements found during the various work sites undertaken. This mission requires precaution and rigor because each element must be sorted, photographed, and recorded by computer.

The work will be supervised by a professional in dry-stone masonry. A day's work is expected to last 6 hours, and the organization of the days will be discussed and decided on by the group of participants. This workcamp is a good opportunity to discover a traditional construction technique whose only required materials are stones cleared from fields intended for agriculture, or those that are recovered from former buildings.

Accommodation and food: You will be accommodated in individual tents at the campsite "Les Catoyes", about ten kilometers from the workcamp (the trips between the camp and the workcamp will be done by mini-bus). A team of leaders will be present to help you organize the collective life during the two weeks of the workcamp: planning of household tasks, elaboration of menus (vegetarian, vegan and other specific diets possible) and preparation of meals in turn, organization of leisure activities and outings. The purchase of local products will be largely privileged. Everyone will come with their own ideas, talents and skills for the preparation of the meals. Bring a mattress, a good comforter (nights can be chilly) and a pillow (to be adapted to your needs).

Location: Etoile Saint Cyrice is located in the South of France, between the Alps and Haute Provence (40km from Sisteron). It is close to the village Orpierre, a hot-spot for rock climbing that has many shops and that also organizes festivities during the summer period.

Leisure activities: The land of sunshine and amazing flavors, the provençale Baronnies massif is a good living personification where we can enjoy outdoor activities in the heart of nature while also just lounging around ! Rich in natural heritage with agriculture adapted to the Mediterranean climate within the mountains, the provençale Baronnies are known for their aromatic and medicinal plants : wild thyme, rosemary, lavender. In close proximity to Etoile Saint Cyrice, we'll be able to

discover numerous sites : the Sisteron citadel, the priory of Saint André de Rosans, Saint-Genis mountain...Orpierre is also an amazing site for rock climbing and the provençale Baronnie are full of varied hiking trails and spots where we can enjoy the surrounding rivers.

Closest train stations : Serres or Laragne-Montéglin (05700). Accessible via the stations Valence TGV, Valence city, Grenoble, Marseille Saint-Charles, Aix en Provence. The meeting times at the Laragne train station will be communicated to you on the route map (no times available at this time).

Closest airports: Marseille or Lyon.

SJ50 BUILDING AN INTERNATIONAL AND ECOLOGICAL VILLAGE 2 29/07-11/08
CONS/ENVI 16 vols 18+

Project: Vir'Volt stands for International Volunteer Village (in French). Since 10 years, the organisation is located right in the middle of nature, near a regional park. Hosting youth from all around the world, learning how to understand and appreciate differences. To plan and act together to protect the environment. To create a positive impact on the surrounding environment and people living there or simply passing by. Here lie our goals for this future village, which each year, is built thanks to youths who come and contribute, with solidarity as their driving force. Vir'Volt also aims to become fully eco friendly and sustainable which is reflected in our campsite ; yurts and teepees as rooms, permaculture farming and gardening, water saving projects, reducing and reusing waste. This small village will become great without sacrificing or damaging the surrounding environment whilst always searching better and more eco friendly ways of living. Your action will be in accordance with the objectives 12 and 13 of sustainable development (UN) in favor of a responsible consumption and production and of climate action.

Work: During this workcamp, you will be in various work projects on-site as well as in the local town alongside local and international volunteers.

- 2 New yurts have been installed on-site to be able to host more people! You will help in the installation of the yurts. (Simple woodworking)
 - In La Ferté-Alais, the former swimming pool is becoming a dedicated youth space. You will help in the refurbishment of the interior walls. (Painting and simple masonry)
 - Near our village (La Ferté-Alais), an ecological museum is being built. Ancient and traditional farming tools are in need of preserving to be exposed and teach future generations how land used to be cultivated using only human energy. (Renovation)
 - Inside the workcamp, we are creating small areas with many purposes. Reading, talking, relaxing, planting flowers... With your involvement, you can leave a meaningful and traceable mark by building furniture using recycled wood pallets. (Simple woodworking, construction)
- You will work in the mornings, afternoons will be reserved for leisure activities.

Accommodation and food: You will sleep in collective tents (yurts, teepees) on the campsite of the association. Please bring a sleeping bag with you. The campsite has separate bathrooms and showers, as well as a kitchen place. Food will be provided and cooked by the volunteers in turns.

Location: La Ferté Alais is approximately 50km south of Paris, in the Essonne region.

Leisure activities: You will have the chance to enjoy the association's campsite and to discover the cultural and natural heritage of the region which is part of a natural park. You will also help organise some activities in order to meet and socialize with local young people. Other leisure activities will be organised collectively depending on the wishes of the group and the available budget.

Closest train station: La Ferté Alais RER station.

Closest airports: Paris Roissy Charles de Gaulle, Paris Orly and Paris Beauvais.

Time and directions to the meeting point: La Ferté-Alais train station, between 2pm and 4pm

Observations: This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should do so before arriving or after the dates of the workcamp.

SJ51 FROM THE FAR WEST TO THE SIXTIES FESTIVAL 29/07-18/08 CULT-FEST 12 vols 18+

Project : For the fifth year, the municipality of Coulaures welcomes an international workcamp for the preparation and animation of its dance and music festival, which welcomes more than a thousand visitors on August 15th. This year you will wander from the conquest of the West to the American sixties. Country, Yéyé, rock'n roll, t'cha t'cha t'cha, or when the musette ball gave way to rhythms and melody from elsewhere. Come take part in the celebration with the very dynamic team of village volunteers! Creativity is in the spotlight, with the setting up of decoration, the creation of group choreographies or musical buffs. You will discover the sense of hospitality of the population and the charm of the landscapes and the heritage, by organizing with the other volunteers and the animators your program of activities.

Work : This festival workcamp consists in helping with logistics, communication and animation during the whole festival. You will also have the opportunity to create dance shows to present to the spectators. It will take place mainly in the afternoons.

Accommodation and food : You will be host in the community room, with kitchen and shower access. Remember to bring your duvet and a pillow. You will prepare all together meals. We borrow you campbeds.

Leisure activities : You will build your activity program together, based on the possible outdoor activities around us.

Closest train station : Thivier (24800)

Meeting point : Let's meet on the 29th july end of afternoon at Thivier's train station

Closest airport : Bordeaux airport

Particular aspect : predisposition to dance and show welcome

ODD : 11. Sustainable cities and communities

SJ58 IMMERSION AT ROCHARD'S GITE 06/08-23/08 RENO/CULT 10 vols 18+

Project: Deep down in the valley, from the forest to the sky, the Rochard gîte is the last corner of the world. In this natural landscape, 70 km from the Atlantic Ocean, between Nantes and Bordeaux, an old farm has been transformed into a rustic gîte by an association which, under a yurt, welcomes groups of children, hikers and campers. The Rochard gîte, an international center, has welcomed over 70 different nationalities. This place, in the middle of nature, invites respect for environment and to a sustainable development approach. This year, we will celebrate 15 years of workcamps in this place where many international relationships have been woven. Come and celebrate with us this great moment of volunteering. Your actions will be in accordance with the objective 16 of sustainable development (UN) in favor of peace, justice and efficient institutions.

Work: The objective is to continue the restoration of the "gîte", using stonework, carpentry, (small equipment) and landscape modifications. You will acquire skills in masonry, paint and woodworking. These activities will be carried out under the guidance of the association's experienced volunteer technical supervisors. You will work around 4 hours per day, the highlight of this workcamp being the meeting with the inhabitants.

Accommodation and food: You will sleep in a two-persons tent between the trees, and a kitchen and a dining room will be at your disposal. Food is supplied and cooked, alternately, in teams. Bikes will be available to go on the worksite and to have a ride on the island. You will have a vehicle available for all mobility in the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Béceleuf, Deux-Sèvres, 20 km north of Niort.

Leisure activities: Trips in the region and activities with locals will be arranged for meeting and intercultural discussions. You will have the opportunity to visit the "Marais Poitevin", go to art expos, concerts, festivals, museum and also to visit cities such as La Rochelle, Niort and Poitiers.

Closest train station: Niort

Closest airport: Bordeaux

Time and directions to the meeting point : At Niort train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.

SJ61 SAVE THE NORIA 08/08-22/08 HERI 12 vols +18

Project: The worksite will be held in a small medieval village called Sauve, at the foot of the Cévennes. This is the first year that the town hall has organized this project with the desire to highlight the heritage of the village and specifically its noria (hydraulic machine for irrigating crops). Leaning against the side of the Coutach massif at the foot of which flows the Vidourle river, Sauve is a remarkable medieval village

Walking through the alleys of the village, one discovers the remains of the ramparts, the fortified gates, the 2 medieval towers, the vaults and alleys and of course the noria. Your action will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: You will be involved in the restoration of this structure. It will first be necessary to empty the tank and then weed the surroundings in order to make it visible from the entrance to the village. There will also be minor masonry work to repair the structure where it has been damaged over time. 25h/week

Accommodation and food: You will be accommodated at the campsite, near the site of the worksite, next to the football field. You will have access to the stadium's sanitary facilities. Meals will be provided and prepared in turn by participants.

Location: In the village of Sauve, at the foot of the Cévennes, two hours from the Mediterranean Sea.

Leisure activities: As the site will be held in a very touristy medieval village, you will discover the history of the village and its heritage by going to meet the inhabitants. Culinary heritage discovery

activities will also be organized. Transport will also be made available to organize leisure activities (kayaks, hikes, etc.)

Closest Train Station: Sauve bus station via Alès train station between 1 p.m. and 6 p.m.

Closest Airport: Montpellier

SJ62 URBAN PLANNING IN ORPIERRE 08/08-29/08 RENO/CONS 12 vols 18+

Project: Come and have fun in this village of Orpierre known worldwide for its climbing site. This year, the town hall of Orpierre and the association Les Villages des Jeunes and the Parc Régional des Barronies would like to start a campaign to preserve and enhance the ancient built heritage of the village. For the summer of 2022, the town hall would like us to rehabilitate a transverse passage between two streets of the village arranged by a staircase partly concreted. Today, this passage is closed for the safety of the residents. The purpose of the project at the end of the construction site is to reinstall pedestrian access to this passage and to make it attractive by installing a dry stone planter that will be able to accommodate ornamental plants. This project will also be part of a partnership with the UAC (Union APARE-CME) and its construction site in Pernes-Les-Fontaines. We plan to visit the group for a weekend and thus meet them, visit their workcamp and spend some quality time together. Conversely, the group from the Pernes-Les-Fontaines workcamp will come to visit you, the occasion for a giant international meal...

Work: Do you want to learn ancient masonry techniques and register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production ? How to use ancient and ecological materials ?

You will have to start the work by clearing the brush from the site to allow a better visual and thus clear the stones of a low wall adjacent to the staircase to rebuild it according to the dry stone construction technique. You will then restore the steps of the staircase. On the lower part of this passage, the town hall wishes that we intervene on a low wall that needs to be restored and thus to be used as base for the construction of a planter which would allow at the same time an aesthetic installation as well as a materialization of the direction of use of the passage. You will have to build low walls according to the dry stone technique (without mortar) and be creative to make the place as pleasant as possible. The work represents 30 hours in a week. Evenings and weekends are free for activities you choose to organize together.

Accommodation and food: You will be accommodated in individual tents at the campsite Les Catoyes in the town of Sainte Colombe, 4km away (the journeys between the site and the campsite will be made by mini-bus). You will take part in turn in the different missions of daily life according to a plan that you will define with the animation team and that will accompany you to realize them. These missions are to make sure that the camp is clean, to elaborate the menus and to do the shopping (local products are preferred), to prepare the meals for the group (vegetarian, vegan and other specific diets possible), to organize the leisure activities and the outings. The lunch will be cold because it will be taken on the site. Bring a mattress, a good comforter (the nights can be cold) and a pillow (to be adapted according to your needs).

Location: The village of Orpierre is located in the south of the Hautes-Alpes department, 14km west of Laragne Montéglin.

Leisure activities : You will take advantage of the natural environment of Orpierre and in particular of its 500 climbing routes which allow all beginners as well as seasoned climbers to enjoy themselves. You will be able to take advantage of the numerous bathing places very easily accessible, like the gorges of the Méouge or Riou. You will have the leisure to hike in the surrounding massifs and will be able to initiate you to many mountain sports (viaferrata, climbing,

etc.). As a group, you will decide on the activities and discovery outings you wish to set up (subject to distance).

Closest train station: You can arrive by train from Grenoble or Marseille directly at the Laragne-Montéglin station. Carpooling is also possible to Laragne because the city is on the road between Grenoble and Marseille. The meeting times at the Laragne train station will be communicated to you on the route map (no times available at this time).

SJ65 CALADES IN EPINE 11/08-26/08 RENO 12 vols 18+

Project : Come and discover the small village of l'Epine located in the Buëch valley. It is a village that dates from the 12th century and has a rich heritage that reflects a fascinating history. A particularity of l'Epine is that it is not a "perched village" installed at the top and on the slopes of its oppidum (fortified village), but that it is located on its southern flank (adret). It had a shape known as "buttonhole", limited by two ramparts in the north near the castle-refuge and in the south, while the ends - near the doors -were protected by the very thick walls and without openings of houses. The streets were paved (caladées) with limestone stones laid vertically, "de chant". In the course of time, the village was burned down and the fortification walls and the castle largely destroyed by Monfort's troops during the first wars of religion.

The city wishes to develop tourist routes and paths in its old center; the presence of historic calades is an asset that allows visitors to be directly immersed in the historic urban landscape.

Work: Do you want to learn ancient masonry techniques and to register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production? How to use ancient and ecological materials?

For this 1st session, you will participate in cleaning the vegetation that covers the stones forming the caladées (paved) streets. You will have to be very careful not to damage the stones, and you will have to be curious enough to observe the ancient structuring of the ground to be able to read the needs for future restoration (water drainage, junction with adjoining walls). At the same time, you will have a low wall to restructure before it collapses and thus familiarize yourself with dry stone construction techniques (without mortar).

Accommodation and food: You will be accommodated in individual tents in the garden of a village lodge to which you will have access for sanitary facilities and cooking. All your meals will be taken at the camp. You will participate in turn in the different missions of daily life according to a schedule that you will define with the animation team and that will accompany you to carry them out. Community life will be organized together: organization of menus ((vegetarian, vegan and other specific diets possible), grocery shopping, activities, etc. Bring a mattress, a good sleeping bag (the nights can be cool) and a pillow (to be adapted to your needs).

Location: The village of Epine is 8km from the small town of Serres in the south of the Hautes-Alpes department.

Leisure activities : You will take advantage of the natural environment of Serrois and in particular of the numerous places of bathing very easily accessible, like the gorges of Méouge or Riou. You will have the leisure to hike in the surrounding massifs and will be able to initiate you to many mountain sports (viaferrata, climbing, etc.). As a group, you will decide on the activities and discovery outings you wish to set up (subject to distance).

Closest train station: You can arrive by train from Grenoble or Marseille directly at the Serres train station. Carpooling is also possible to Serres because the city is on the road between Grenoble and Marseille. The meeting times at the Laragne train station will be communicated to you on the route map (no times available at this time).

Closest airports : Marseille and Lyon

SJ74 THE MERCANTOUR SILVER MINE 2 04/09-17/09 PATR 10-12 vols 18+

Project: Young international volunteers, students, researchers, archaeologists will come together for this project which aims to open the Vallauria silver mine to the public in 2023, a site which was mined in the Middle Ages and then from 1750 to 1930 for its lead, silver and blende deposits. Every year for the past 12 years we have worked on securing the site, its access and on carrying out historical and scientific studies.

You will participate in the final finishing work on the underground tour circuits. 900m of galleries have been fitted out over about 20km of existing galleries, which represents an exceptional industrial heritage and the largest mine in the Alps.

Work: The purpose of these finishing works is to ensure that the entire circuit and all the areas are clean, comfortable and secure. This project will benefit from technical supervision and daily monitoring by an archaeologist.

The works to be carried out: securing of dry-stone walls to avoid collapses, clearing of a hopper which involves emptying it of accumulated sediment, clearing of the floor and transfer of blocks and clearing of tracks, creation of stone steps, preparation of a base-terrace to store the remains of a trolley, masking of a concrete pillar with a dry-stone wall.

Accommodation and food: You will be housed in 4 to 6-person rooms with bathrooms. The meals are prepared by a kitchen team, however you will be asked in turn to help to tidy the dining rooms, tableware and kitchen.

Location: Tende, 2 hours from Nice (by train). The site is isolated in the mountains (altitude of 1,500m), 10km from the village of Tende and 50km from Vintimille (Italy).

Leisure: In addition to the weekend, in the middle of the week, one day will be devoted to visits and activities. You will discover the mountain environment (fauna, flora, hiking at the Vallée des Merveilles archaeological site in the Mercantour National Park) and the historical and cultural heritage of the region (visit to the medieval villages in the Roya valley). You will also be able to enjoy some sports activities, tree-climbing circuits and via ferrata). You will be accompanied by an activity coordinator.

Special requirements: You will be working underground. Take note if you suffer from claustrophobia! Some stones and occasional buckets of mortar may be rather heavy!

Closest train station: Tende (06430)

Closest airport: Nice

Time and directions to the meeting point : At Tendes train station, at 5:25pm. Campleaders will pick you up and bring you to the workcamp.

SJ75 A NEW ROOF FOR LES MERVEILLES 04/09-17/09 RENO 10 vols 18+

Project: Neige et Merveilles is a protected site with a wealth of natural, archaeological, mining and cultural treasures. This site, which has survived an extensive period of mining, has been home to the Neige et Merveilles association for the past sixty years. Today, it is a place where families, groups, and hikers can meet up and enjoy this site located in the Mercantour National Park at an altitude of 1,500m.

You will participate in the complete renovation of one of the building's roofs and the improvement of the facility's energy performance (insulation of the roof, windows with double-glazing). This building, open to the public, is a multi-purpose hall reserved for conferences, evening festivities and activities. There is also a large library.

Work: You will be replacing the existing roof (larch wood boards, wood wool insulation, steel decking and snow-stoppers). The surface area is 90m². You will work 4 days a week, from 8.30 am to noon and from 2 pm to 5 pm. You will be supervised by a technical coordinator. This operation started two years ago and this is the second session for this renovation project.

Accommodation and food: You will be housed in 4 to 6-person rooms with bathrooms. The meals will be prepared by a kitchen team, however you will be asked in turn to help to tidy the dining rooms, tableware and kitchen.

Location: Tende, 2 hours from Nice (by train). The site is isolated in the mountains (altitude of 1,500m), 10km from the village of Tende and 50km from Vintimille (Italy).

Leisure: In addition to the weekends, in the middle of the week, one day will be devoted to visits and activities. You will discover the mountain environment (fauna, flora, hiking at the Vallée des Merveilles archaeological site in the Mercantour National Park) and the historical and cultural heritage of the region (visit to the medieval villages in the Roya valley). You will also be able to enjoy some sports activities, tree-climbing circuits and via ferrata). You will be accompanied by an activity coordinator.

Special requirements: You will be working on the roof. Take notes if you suffer from vertigo!

Closest train station: Tende (06430)

Closest airport: Nice

Time and directions to the meeting point : At Tendes train station, at 5:25pm. Campleaders will pick you up and bring you to the workcamp.

SJ76 BUILDING THE COLLEGE WALL 09/09-30/09 CONS/CULT 10 vols 18+

Project: Saint-Genis-de-Saintonge is a commune in the southwest of France, located in the heart of the Charente countryside, near the forest of La Lande and a short distance from the banks of the Gironde estuary. This commune is a historical partner of the association, with whom we realized the first workcamps on the territory of Charente-Maritime in 1996. After ten years of stopping projects in this area, the municipality wanted to rediscover the intercultural dynamics of the workcamps in 2019, and in particular to use them to renovate the school in the municipality. The 2022 project will continue the work done previously, namely to finish the renovation of the wall of the college. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: Supervised by two technical referents specialized in masonry, you will work on the restoration of a wall at the entrance of the College of Saint-Genis-De-Saintonge. At first, you will have to dismantle the part of the wall, in very bad condition. Then, you will have to recover the reusable stones. Then you will have to reassemble the wall thanks to traditional techniques of stone cutting, laying and joints. You will work an average of 5 hours per day, in the morning.

Accommodation & food: You will stay in mixed dorms, with all facilities (bathroom, kitchen...). Please bring a sleeping bag and a pillow. Bikes will be available to go on the worksite and to have a ride on the island. The meals will be prepared, in turn, by you, especially for lunch and dinner

while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Saint-Genis-De-Saintonge, Charente-Maritime, 80 km from Bordeaux.

Leisure activities : Share your cultural heritage with the locals and Saint-Genis-de-Saintonge organizations. Tour of the region will be collectively planned as you wish (visits, ocean, museums...). There are regional cities to enjoy like Bordeaux, La Rochelle, St Emilion... Free time will favor encountering locals, in particular with the middle school's young people, waiting for you!

Closest station: Clion-sur-Seugne

Closest airport: Bordeaux (33000)

Time and directions to the meeting point : At Clion-sur-Seugne train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.

SJ77 AT THE CHARENTAIS WASHHOUSE 09/09-30/09 RENO 10 vols 18+

Project: Each year, by welcoming volunteers and international work sites, the municipality of Montendre works to restore its heritage and contributes to the enhancement of intercultural exchanges. Indeed, this town of 3000 inhabitants hosts one of the international centers of Solidarités Jeunesses: the Maison des Bateleurs. Also, in order to preserve and enhance its historical and identity heritage, the municipality of Montendre implements an international project every year. This year, the municipality is committed to highlighting and renovating the scaffolding of the Lavoir. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: You will intervene, accompanied by two technical supervisors, on the restoration of the Lavoir. The objective will be to carry out traditional masonry work: de-jointing, digging joints then re-pointing with lime mortar. You will also carry out roofing work in order to restore the roof of the washhouse in very poor condition, as well as the development of the space (finishes, cleaning, enhancement). You will work around 5 hours per day.

Accommodation and food: You will sleep in collective dormitories (8 places), at the international Bateleurs reception house, in Montendre, where you will have all the accommodations at your disposal. You will have a vehicle for transport to the site and also to explore the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Montendre, Charente Maritime, 65 km from Bordeaux.

Leisure activities: You can enjoy many cultural activities such as visiting historic towns such as Jonzac, Blaye, Rochefort, La Rochelle, Bordeaux, among others. Likewise, you can take advantage of the surrounding forests for hiking, or enjoy the good times at the beach on the Gironde coast.

Closest train station: Montendre (17 130)

Time and directions to the meeting point : At Montendre train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.

SJ78 THE COVERED WASHHOUSE OF SERGEAC 10/09 – 01/10 Dates to be confirmed
PATR 12 vols 18+

Project : Sergeac is located in the Black Perigord on the banks of the Vézère River, bordered at this location by high cliffs at the foot of which numerous prehistoric deposits have been discovered. Full of history, the village was built around an imposing fortified church and a Templar castle. The small town is multiplying its actions in favour of the environment, of a better living environment, the restoration of its listed and unlisted heritage... It is in this context that the international workcamp of young volunteers is taking place.

The mayor, Isabelle DAUMAS-CASTANET, and all the inhabitants of Sergeac will be delighted to receive you for this project which is close to their hearts. The renovation of this covered lavatory represents much more than remembering the past. It is about uniting the population around a project of general interest and openmindedness to international and mixity. In this way, you will live a rich multicultural experience at the rhythm of your dynamism and creativity. You will discover the inhabitant's hospitality and the charm of the landscapes and heritage, by organising your programme of activities with the other volunteers and leaders.

Work : It will take place in the morning. Two teams will be composed: the first one will work on the roof and the second one on the wash house. For the roof, it will be necessary to remove, clean and install the tiles as well as put new battens. This work will be done at height, so beware of those who are afraid of heights. As for the work around the wash house, it will consist of cleaning the basin, restoring the floor (putting the stones back in place), and clearing the surrounding area... You will have the opportunity to discover multiple aspects of manual work.

Accommodation and food : Sleeping will be in tents (floor mattresses provided), you will have access to a covered area, sanitary facilities and a kitchen where you will be able to take turns preparing good food. Remember to bring your duvet and a pillow.

Location : Sergeac, in the heart of the Vallée de l'Homme, 50 km from Périgueux between Montignac and Sarlat-la-Caneda.

Leisure activities: You will build your activity program together, based on the possible outdoor activities around us.

Closest train station : Eyzies-de-Tayac-Sireuil (24620)

Meeting point : Let's meet on the day of arrival at the train station of Eyzies-de-Tayac-Sireuil.

Closest airport: Bordeaux-Mérignac or Toulouse-Blagnac.

SDG: n°6 Clean water and sanitation

SJ79 THE WITCHES' CLAWS 2 13/09-04/10 (to be confirmed) ENVI 12 vols +18

Project: This international camp is organized in partnership with the Syndicate mixed Rivage and the town of Barcarès, on the edge of the Salses Leucate pond, in a protected wetland, renowned for its varied biodiversity. The partnership between the Syndicat mixte Rivage and the REV has existed for several years. The syndicate collaborates regularly with the REV, on the organization of international worksites or other occasional events. The two structures are used to working together, and find each other both in terms of their values and their ambitions.

This year's project will aim, in addition to removing invasive species (witches' claw, yucca, prickly pears, agaves, etc.), to participate in implementing measures for the protection and enhancement

of existing biodiversity on the site (e.g. trail layout). Since the work is linked to weather conditions, the tasks are generally defined at the start of the project. Your action will be in accordance with the objectives 14 and 15 of sustainable development (UN) in favor of the protection of fauna and flora (aquatic and terrestrial).

Work: This site will allow you to carry out several activities: opening up environments (cutting down trees), delimiting the protected area of the area frequented by kite surfers for example (laying wooden barriers), uprooting invasive species in order to allow endemic species (flora or fauna) to be able to reproduce. The aim of the project is to preserve the surroundings of the pond, whether by managing attendance or managing plants. 25h/week

Accommodation and food: You will be accommodated in a gîte made available by the town hall. This place includes dormitories, toilets and a kitchen. Meals will be provided and prepared in turn by participants.

Location: Between the Mediterranean Sea and the pond of Salses Leucate, near Perpignan and the Pyrenees.

Leisure activities: As the site will be held in a protected area, the majority of leisure activities will consist of discovering the surrounding nature (fauna and flora), but also discovering the culinary heritage. Transport will also be made available to organize discovery outings and leisure activities.

Closest Train Station: Leucate la Franqui station between 1 p.m. and 6 p.m.

Closest Airport: Montpellier

SJ80 THE SECRETS OF THE MEDIEVAL GARDEN 15/09 - 30/09 PATR 12 vols 18+

Project: The Château de Bruzac has been a co-castle for centuries. Indeed, since the 13th century, it has been the seat of a co-lordship following a complicated succession. So complex that until the revolution, it remained separated into two sets of habitats within the same fortified enclosure despite the various occupations, wars and revolts. After the revolution and the evictions of the noble families of the site, the castle would serve as a career for the inhabitants of the village of Saint Pierre de Côte and the surrounding farms. For about thirty years, it has belonged to a couple of history enthusiasts and is managed and promoted by the local association "Renaissance du Vieux Bruzac". It is with them that you will have the opportunity to create a medieval garden between the "castrum superius" and the "castrum inferius" and to strengthen them.

You will also have the opportunity to discover with this association, which is passionate about history, how we cooked in the Middle Ages and the Renaissance. You will also participate in costumed entertainment times and visits in the Dordogne, land of gastronomy and history.

Work: You will be in charge of the creation of a medieval square, a typical garden of the monasteries and the herbalists of this period. You will have the opportunity to take care of the clearing and the earthwork of the green theater space.

Accommodation and food: You will be welcomed at the St Pierre de Côte campsite. Sleeping in individual tents or two people. Remember to bring your duvet and a pillow. Access to a kitchen where you can take turns preparing good dishes.

Location: Saint Pierre de Côte, in the heart of green Périgord, Dordogne.

Leisure activities : You will build your activity program together, based on the possible outdoor activities around us.

Closest train station: Négrondes (24460)

Meeting point : Let's meet on September the 15th at the end of the afternoon at the Négrondes station.

Closest airport: Bordeaux – Mérignac

SJ84 WORLD GARDEN 01/10-22/10 CONS 12 vols 18+

The PRAHDA (PRogramme d'Accueil et d'Hébergement des Demandeurs d'Asile) from St Aulaye and the Ami24Ouest association are our partners for the INVOLVE project which aims to allow widowed people from countries outside Europe to better integrate into our territory and to meet the local social environment, in particular by participating in voluntary activities in favor of the environment and heritage. In parallel with this project, we will intervene in the shared garden that we have started to implement, and in the courtyard of PRADHA. We are going to do gardenning in this shared garden with locals, and create furniture to make these spaces pleasant and make locals want to invest in them. We will also take time to organize moments of animation with the families and the local inhabitants. It will allow to discover the surroundings. Friendly moments with very local people and newcomers will allow us to discuss our cultures, to better discover and meet each other and to fight against prejudices while building a welcoming environment for all.

Work: You will be in charge of the construction of outdoor furniture and gardening, and creation of local intercultural activities. You will work around 6 half-days over the week, divided between time in the garden and entertainment time with the families hosted in the area.

Accommodation and food: You will be welcomed at the holiday village of St Vincent Jalmoutiers, 5 km from the site of the work site. Sleeping in collective rooms in small chalets for 6 people. Meals will be cooked and eaten collectively, you can take turns preparing good dishes, so come with your recipes.

Location: St Aulaye is located on the Greenwich meridian, at the crossroads of four departments and 70 km from Bordeaux, Périgueux and Angoulême.

Leisure activities: Site visits, nature activities, you will build your own activities program with the animators and the other participants. We favor a discovery of the territory and its actors over consumption activities.

Closest station: Saint-Aigulin (17360).

Meeting point: In the late afternoon on the arrival day, at Saint-Aigulin train station

Closest airport: Bordeaux – Mérignac

ESC WORKCAMPs

These projects are supported by the program European Solidarity Corps for young people between 18 and 30 years. It is open to all the EU and partner neighboring countries that fit the ESC criteria. The participation to the ESC volunteering teams is subjects to several principles and conditions, presented on the ESC webpage: https://europa.eu/youth/solidarity/mission_en

- *Volunteers do not have to pay any fee (no sending, nor participation fee) to attend the projects*
- *Volunteers need to enrol in the PASS, the European Solidarity Corps Portal ; SJ will organize their matching in the portal with the volunteering project;*
- *Volunteers will receive pocket money, calculated on basis of 6€/day, once they arrive on the projects*
- *Volunteers will receive a financial support for their travel, according to a maximum amount established in accordance with their travel distance and upon the presentation of original tickets;*
- *Volunteers will have to complete a participation report, submitted online through the portal*

SJ/ESC07 A MEDIEVAL VILLAGE 07/06-27/06 RENO/CONS 12 vols 18-30

Project : On the edge of the Bonant Valley and the Aveyron Gorges is the village of Milhars, an ancient mediaeval town whose stone streets lead to its castle. With its traditional architectural heritage, the village welcomes many cyclists and hikers. It is home to numerous cultural and social organisations, such as theatre, cafés, etc. You will have the opportunity to get to know the local population by participating in many summer activities that take place on the territory: night markets, votive celebrations, festivals, etc.

Work: You will participate in the renovation and upgrading of the mediaeval village: renovation of stairs, weeding and landscaping of vegetable terraces, cleaning and renovation of stone walls and the Milhars wash house. You will be supervised by craftspeople of the village.

Accommodation and food: You will be accommodated in a collective dormitory in the multipurpose room of the village. Mattresses and pillows will be provided, but you have to bring your own sleeping bag. A kitchen corner will be arranged, as well as access to the bathrooms. You will collectively prepare meals, self-managing within the group. Special attention will be given on food balance and local and seasonal products. Meals can be adapted to specific diets of participants (vegan, vegetarian).

Location: Milhars town, 60km from Montauban.

Leisure activities: In the heart of the Aveyron gorges, you can take advantage of the possibilities offered by the Tarn-et-Garonne: swimming in the Aveyron, visiting nearby mediaeval villages (Cordes-Sur-Ciel, Saint-Antonin-Noble-Val), hiking in the Bonant valley, etc. Accompanied by two pedagogical leaders, you will have the opportunity to meet the inhabitants and to discover Occitania through their eyes. In the evening and during the weekends, go to discover the territory, or let yourself be carried by your imagination to organise a barbecue, a karaoke evening, a folk ball, open to the population. Finally, you will organise a large international meal open to all, in order to share with locals and visitors passing by specialties of your home.

Closest train station : Lexos train station (Varen, 82330)

Closest airport: Toulouse

Time and directions to the meeting point : Lexos train station between 4 p.m. and 6 p.m. Campleaders will take you from the station to the accommodation building.

SJ/ESC14 A FORGOTTEN HERITAGE 27/06-16/07 RENO 12 vols 18-30

Project : What's the common point between a castle, winter and a giant hole in the floor ? The answer is in Le Créneau ! During this project, you will help us renovate the fixed ice house on the castle grounds. The ice collected from the water in winter was stored there to ensure the preservation of foodstuffs throughout the year. Help us enhance this small heritage, to give it acknowledgment and to highlight the skills acquired over the years! Your actions will be in accordance with the objectives 5 and 8 of sustainable development (UN) in favor of gender equality and decent work and economic growth.

Work : The work will consist of developing and enhancing the surroundings of the ice house before proceeding with its restoration.

- Enhance the masonry by clearing the vegetation (construction of a bamboo fence and relocation of part of the bamboo grove)
- Renovate and enhance the access stairs and entrance wall
- Level and renovate the low circular wall to lay a temporary floor
- Installing wooden pillars (and their foundations) to support the future roof
- Renovate the joints of the interior masonry

The work will take place in the morning, from 8:30AM to 1PM, with a break of 30 minutes around 11AM.

Accommodation and food : Participants will be hosted on Le Créneau's camping, in collective tents (5-6 per tents) with wooden floor and beds. WiFi is not available on site. Food will be provided and prepared by the participants in groups, in the collective kitchen of Le Créneau, with the support of the cooking staff.

Location : Montcombroux les Mines (45 kms away from Moulins)

Leisure activities : Weekends are planned collectively with the group leaders. If you want to discover the cities around, Vichy and Moulins are 45 kms away. If you'd rather have a nice walk in nature, the surroundings are perfect for hiking, landscape seeing, discovering local markets, swimming, and enjoying sports activities and games.

Closest train station : Moulins-sur-Allier (03000), 4 rue Philippe Thomas

Closest airports : Lyon or Paris

Arrival : Let's meet at Moulins-sur-Allier train station, at 5pm !

SJ/ESC26 BACK TO THE PLAYGROUND 09/07-30/07 CONS 14 vols 18-30

Project: A collective and intercultural adventure in Alsace! Do you want to be part of it?

On the agenda : a workcamp useful to the rural community, technical apprenticeships, exchanges from local to global, co-prepared meals, the discovery of the Alsacian Vosges... And all that you will build together !

The inhabitants of Fouday are hosting an international workcamp for the first time and are eager to live this rich experience of sharing ! This workcamp lasts three weeks because that's what you need to carry out your experience fully : the time to get to know each other, to dream and to achieve our utopia together !

You will take part in the first workcamp to redevelop a convivial area around the Maison du Temps Libre, where concerts and events take place. Eventually, it will be a pleasant and useful meeting

space for inhabitants of all ages. Your actions will be in accordance with the objectives 4, 5, 11, 12, 16 and 17 of sustainable development (UN) in favor of quality education, gender equality, sustainable cities and communities, responsible consumption and production, peace, justice and effective institutions and partnerships for achieving the goals.

Work : Supported in the technical training by a motivated team of local volunteers, you will learn to rebuild a retaining wall, create barriers, tables, wooden benches... It will be mainly carpentry and masonry work.

At the same time, taking advantage of the intercultural dynamics, you will organise and co-animate awareness-raising activities on international solidarity and the fight against discrimination, aimed at young people.

No particular qualification is expected, only the desire to do something together! How many hours of work per day ?

Accommodation : You will be accommodated in the village school, specially fitted out for you and located 400 meters from the workplace. You will sleep in 2 different rooms. Kitchen, toilets, washbasins, showers on site. Please bring a sleeping bag, sheets and pillow.

Food is provided and included in the budget of the workcamp. You will take it in turns to prepare meals and local and/or organic purchases will be favored.

Location : Rich in history (67130), Fouday is a village of 350 inhabitants, situated in the Bruche Valley, at the foot of the Champ du Feu Massif (430m altitude). At the confluence of the Chirgoutte, it is an environment of forests and pastures. We are 50 km west of Strasbourg.

Leisure activities : walking, horse riding, festivals, markets, museums, etc... It is up to us to organise together the discovery activities that suit us : the possibilities are numerous!

We will also be actively involved in the festivities of the 14th of July, the French (inter)bank holidays ;)

Closest train station : Fouday train station

Closest airport : Paris

Arrival : Let's meet between 4pm and 7pm, at the station in Fouday (67130)

SJ/ESC27 ANOTHER BRICK IN THE WALL 10/07-31/07 RENO/CONS 15 vols 18-30

Project: Since 2002, the Citrus association has been organising international workcamps in the Tarn-et-Garonne region. Each year, dozens of volunteers from all over the world take part in a technical work camp of public interest, in the heart of a village. This year, it is in the village of Genebrières, in the department of the Tarn-et-Garonne, that you will participate in bringing interculturality, sharing and meeting to life. Your actions will be in accordance with the objectives 3 and 4 of sustainable development (UN) in favor of good health and well-being and of quality education.

Work: You will participate in the renovation and upgrading of the surrounding walls of the town hall, in the heart of the village. You will discover the typical architecture of Occitania, with its red bricks that turn orange when the sun sets. Supervised by two village employees, you will learn how to join and lay bricks, using traditional materials (lime, sand). You will work approximately 6 hours per day 5 days a week (around 30hours per week).

Accommodation and food: You will sleep in a dormitory in a community hall, really close to the work site. Mattresses will be provided, you only need to bring your sleeping bag and a pillow. A shower and toilets are on site, and a kitchen and a living room will be available nearby. There will

be no washing machine available. Every day, a team of volunteers will cook meals for the whole group, according to menus that you will have chosen collectively. Special attention will be paid to seasonal and local food. Some arrangements for special diets can be made with the group leaders.

Location : Genebrières, 15km away from Montauban.

Leisure activities : In the heart of the Tarn-et-Garonne, you can take advantage of the possibilities of the region: swimming in the Aveyron, visiting medieval villages (Bruniquel, Penne, etc.), hiking, etc. Discover the city of Montauban, whose bricks glow in the evening light. Accompanied by two educational animators, you will meet the inhabitants and share this experience with them! In the evenings and at weekends, let your imagination run wild and organise a barbecue, a karaoke night, a folk dance, etc. Finally, you will organise a big international meal, open to all, in order to share specialities from your culture with the inhabitants and visitors.

Closest train station : Montauban Ville-Bourbon (82000)

Closest airport : Toulouse-Blagnac (31000)

Arrival: At 6PM, camp leaders will pick you up at Montauban Ville-Bourbon train station.

SJ/ESC31 TRACING THE STEPS OF THE DUKE OF LESDIGUIERES 11/07-01/08 RENO 11 vols 18-30

Project: Do you want to participate in the protection of a historic site in the heart of idyllic mountain landscapes? Join us and come discover the castle of Lesdiguières and its natural setting at an altitude of 1140 meters!

The Duke of Lesdiguières, the last Constable of France, is a military figure known for his participation in the Wars of Religion and for his involvement in the construction and development of roads, bridges and dikes against flooding in the region. He had this castle built between 1571 and 1580, which was abandoned after his death. It was looted during the French Revolution. The castle is listed in the supplementary inventory of Historic Monuments in 1978. In 2000, the "Château de Lesdiguières" association was created with the aim of safeguarding the historical, architectural and cultural memory of the building. Since 2010, the various works that we have been organizing on this site are aimed at securing and reinforcing the existing walls, but also at enhancing its value.

Work: Do you want to learn ancient masonry techniques and to register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production? How to use ancient and ecological materials?

Since 2018, we have been working on the reinforcement of the masonry of an escarpment wall (defense wall). With time and bad weather, this wall has suffered some damage and its stones are coming loose. With the help of the technical supervisor, we will work with old techniques and materials (such as lime). At certain times, we will work at height, using scaffolding. We will work around 30 hours per week.

Accommodation and food: In tents at the "La Pra" campsite in Saint Firmin, located at the entrance to the Valgaudemar valley. On the campsite, we will spend a quiet stay in a mountainous and exceptional green setting. We will have access to facilities such as toilets, barbecue, petanque ground, WIFI. We will set up a large kitchen tent in order to prepare our meals (vegetarian, vegan and other specific diets possible). The preparation of the meals is done in turn, so that we can taste several specialties! Here, we pay attention to what we eat, to reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. Collective life is organized together: organization of menus, shopping, activities, etc. The lunch will be cold as it will be taken to the construction site. Bring a mattress, a good sleeping bag (the nights can be cool) and a pillow (to be adapted to your needs).

Location: The workcamp is located in the village of Glaizil and the campsite in the village of St Firmin (about 20 min by car). In the village of Saint Firmin there are some small shops and we are about 15 km from Saint Bonnet en Champsaur and 30 km from Gap. Once or twice a week, we organize our vehicles with some shopping outings!

Leisure activities: In the heart of the Ecrins National Park, between the Valgaudemar, Champsaur and Dévoluy valleys. Your eyes will never cease to be amazed by this exceptional environment! We can discover the pleasures of hiking in the mountains, its rivers and lakes, farmers' and producers' markets, and festive evenings organized in the surrounding villages (depending on the programme). As a group, we will decide which activities and discovery outings we wish to organize (subject to distance).

Closest train station: Gap (05000). We will meet you at the station between 4pm and 6pm.

Closest airports: Marseille or Lyon.

SJ/ESC32 BUILDING AN INTERNATIONAL AND ECOLOGICAL VILLAGE 1 11/07-24/07 CONS/ENVI 16 vols 18-30

Project: Vir'Volt stands for International Volunteer Village (in French). Since 10 years, the organisation is located right in the middle of nature, near a regional park. Hosting youth from all around the world, learning how to understand and appreciate differences. To plan and act together to protect the environment. To create a positive impact on the surrounding environment and people living there or simply passing by. Here lie our goals for this future village, which each year, is built thanks to youths who come and contribute, with solidarity as their driving force. Vir'Volt also aims to become fully eco friendly and sustainable which is reflected in our campsite ; yurts and teepees as rooms, permaculture farming and gardening, water saving projects, reducing and reusing waste. This small village will become great without sacrificing or damaging the surrounding environment whilst always searching better and more eco friendly ways of living. Your action will be in accordance with the objectives 12 and 13 of sustainable development (UN) in favor of a responsible consumption and production and of climate action.

Work: During this workcamp, you will be in various work projects on-site as well as in the local town alongside local and international volunteers.

- 2 New yurts have been installed on-site to be able to host more people! You will help in the installation of the yurts. (Simple woodworking)
 - In La Ferté-Alais, the former swimming pool is becoming a dedicated youth space. You will help in the refurbishment of the interior walls. (Painting and simple masonry)
 - Near our village (La Ferté-Alais), an ecological museum is being built. Ancient and traditional farming tools are in need of preserving to be exposed and teach future generations how land used to be cultivated using only human energy. (Renovation)
 - Inside the workcamp, we are creating small areas with many purposes. Reading, talking, relaxing, planting flowers... With your involvement, you can leave a meaningful and traceable mark by building furniture using recycled wood pallets. (Simple woodworking, construction)
- You will work in the mornings, afternoons will be reserved for leisure activities.

Accommodation and food: You will sleep in collective tents (yurts, teepees) on the campsite of the association. Please bring a sleeping bag with you. The campsite has separate bathrooms and showers, as well as a kitchen place. Food will be provided and cooked by the volunteers in turns.

Location: La Ferté Alais is approximately 50km south of Paris, in the Essonne region.

Leisure activities: You will have the chance to enjoy the association's campsite and to discover the cultural and natural heritage of the region which is part of a natural park. You will also help organise some activities in order to meet and socialize with local young people. Other leisure activities will be organised collectively depending on the wishes of the group and the available budget.

Closest train station: La Ferté Alais RER station.

Closest airports: Paris Roissy Charles de Gaulle, Paris Orly and Paris Beauvais.

Time and directions to the meeting point: La Ferté-Alais train station, between 2pm and 4pm

Observations: This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should do so before arriving or after the dates of the workcamp.

SJ/ESC56 ON THE WAY TO MEETINGS 06/08-27/08 RENO/SOCI 10 vols 18-30

Project: Lying on the edge of a forest, the site of *la Madone* attracts many hikers drawing their curiosity. Based on community developmental work, this project intends to facilitate an exchange between the local community and international volunteers. In response to the UN goal of "Sustainable cities and communities", the work camp will be focused on creating common intercultural space and exchange with the local community, exploring new ways of thinking, and acting, sharing experiences, alternative living, and taking part in collective life. There will be many occasions to promote solidarity. All international workcamp memories are unique, so come to *Dampvalley-lès-Colombe* and make your own !

Work: A dozen stone constructions surround a tall statue, of about 10m. To bring new life to the place you will renovate walls and structures, around 6 hours a day. You will learn techniques of traditional masonry (wall-building) with mortar. You will evolve as a team with the help of a technical supervisor, sharing all tasks associated with collective life such as cooking, cleaning, after work activities etc.

Accommodation and food: You will live in a municipal center set aside for your group and the football pitch will also be at your disposition. The place is equipped with a kitchen and field beds will be provided for you. Bring your own bedding, blankets or sleeping bags. Showers can be taken in the homes of the locals. Alternatively you can prepare meals outdoors and use long drop toilets. Accompanied by the camp leaders, you will make the menu and prepare the meals, in turn. Vegetarian options are available. You will oftentimes share meals with the villagers giving you the opportunity to discover the local gastronomy and what makes it unique.

Location: The commune of *Dampvalley-lès-Colombe*, is situated 10 km from Vesoul (70000) in the department of *Haute-Saône*. The workcamp is located approx. 15 minutes on foot from the accommodation.

Leisure activities: May it be during the afternoons or weekends; your group will initiate and organise the activities. The ideal programme will account for the wishes of everybody and the financial side of things.

In *Dampvalley-lès-Colombe* you can enjoy the many local amenities such as the nautical centre and the football pitch. You can also rely on the support of the villagers for organisation, as they will be delighted to engage with you and to give advice on how to best discover the local environment and enjoy your stay.

Closest train station: The closest train station is in *Vesoul* (70000).

Closest airports: Paris and Basel in Switzerland.

Time and directions to the meeting point: A meeting point will be established to facilitate your arrival. This is planned towards the end of the day between 4 pm and 6 pm. Campleaders will drive you from the train station to the village.

SJ/ESC57 ST REMIX 06/08-27/08 RENO 12 vols 18-30

Project: This work camp allows its participants to expand their knowledge and abilities, in intercultural exchanges and construction. In response to the UN goal of "Sustainable cities and communities", the work camp will be focused on creating common intercultural space and exchange with the local community, exploring new ways of thinking, and acting, sharing experiences, living alternatively and taking part in collective life. There will be many occasions to promote solidarity. All international workcamp memories are unique, so come to *Saint-Rémy-en-Comté* and make your own!

Work: After your arrival, you will continue renovations started by the association a couple years ago. You will learn to cut stones and traditional masonry (wall building) and renew the ruins of a medieval castle. The work (around 6 hours a day) will be organised in teams and you will also be in charge of all chores such as cooking, cleaning etc.

Accommodation and food: You will live in a building set aside for your group. The place is equipped with a kitchen and field beds will be provided for you. Bring your own bedding, blankets or sleeping bags. Showers can be taken in the homes of the locals.

Accompanied by the camp leaders, you will make the menu and prepare the meals, in turn. Feel free to initiate collective meals with the other residents. Vegetarian options are available. You will oftentimes share meals with the villagers giving you the opportunity to discover the local gastronomy and what makes it unique.

Location: The commune of Saint-Rémy-en Comté is situated 30 km from Vesoul in the department of Haute-Saône. The workplace and the accommodation lie very close to each other, and the distance can easily be covered on foot.

Leisure activities: May it be during the afternoons or weekends; your group will initiate and organise the activities. The ideal programme will account for the wishes of everybody and the financial side of things. It might include exploring the nature around the village, sports, games and touristic sites that could awaken your curiosity.

With its medieval ambiance Saint-Rémy-en-Comté and its surroundings provide many opportunities to experience the region's unique flair together. You can also rely on the support of the villagers for organisation, as they will be delighted to engage with you and to give advice on how to best discover the local environment and enjoy your stay.

Closest train station: Vesoul (70000).

Closest airports: Paris and Basel in Switzerland.

Time and directions to the meeting point: A meeting point will be established to facilitate your arrival. This is planned towards the end of the day between 4 pm and 6 pm. Campleaders will take you from the station to the village.

SJ/ESC70 A ROOF FOR THE ICE HOUSE 13/08-27/08 RENO 12 vols 18-30

Project: What's the common point between a castle, winter and a giant hole in the floor ? The answer is in Le Créneau ! During this project, you will help us renovate the fixed ice house on the castle grounds. The ice collected from the water in winter was stored there to ensure the preservation of foodstuffs throughout the year.

Help us enhance this small heritage, to give it acknowledgment and to highlight the skills acquired over the years!

Currently without any roof protection, the ice house must be waterproofed to protect it from bad weather. Your actions will be in accordance with the objectives 5 and 8 of sustainable development (UN) in favor of gender equality and decent work and economic growth.

Work: This project is a continuation of the first one carried out in July and is in advance of another one. It will consist of protecting the structure from bad weather and laying a temporary floor in preparation for the final restoration of the roof using the methods of the time.

In detail, this work, centered around carpentry, will consist of

- the installation of a floor structure based on the existing low wall
- laying a temporary floor on this structure
- the construction of a framework to protect the structure
- the installation of a temporary roof over this structure
- the construction of a protective barrier around the ice house

The work will take place between 8:30AM and 1PM and between 2:30PM and 4:30PM, with a break of 30 minutes around 11AM.

Accommodation and food: Participants will be hosted on Le Créneau's camping, in collective tents with wooden floors and beds. WiFi is not available on site. Food will be provided and prepared by the participants in groups, with the support of the cooking staff.

Location: Montcombroux les Mines (45 kms away from Moulins)

Leisure activities: Weekends are planned collectively with the group leaders. If you want to discover the cities around, Vichy and Moulins are 45 kms away. If you'd rather have a nice walk in nature, the surroundings are perfect for hiking, landscape seeing, discovering local markets, swimming, and enjoying sports activities and games.

Closest train station : Moulins-sur-Allier (03000), 4 rue Philippe Thomas

Closest airports : Lyon or Paris

Arrival : Let's meet at Moulins-sur-Allier train station, at 5PM !

SJ/ESC72 THE WITCHES' CLAWS 1 30/08-20/09 (to be confirmed) ENVI 12 vols 18-30

Project: This international camp is organized in partnership with the Syndicate mixed Rivage and the town of Barcarès, on the edge of the Salses Leucate pond, in a protected wetland, renowned for its varied biodiversity. The partnership between the Syndicat mixte Rivage and the REV has existed for several years. The syndicate collaborates regularly with the REV, on the organization of international worksites or other occasional events. The two structures are used to working together, and find each other both in terms of their values and their ambitions.

This year's project will aim, in addition to removing invasive species (witches' claw, yucca, prickly pears, agaves, etc.), to participate in implementing measures for the protection and enhancement of existing biodiversity on the site (e.g. trail layout). Since the work is linked to weather conditions, the tasks are generally defined at the start of the project. Your action will be in accordance with the

objectives 14 and 15 of sustainable development (UN) in favor of the protection of fauna and flora (aquatic and terrestrial).

Work: This site will allow you to carry out several activities: opening up environments (cutting down trees), delimiting the protected area of the area frequented by kite surfers for example (laying wooden barriers), uprooting invasive species in order to allow endemic species (flora or fauna) to be able to reproduce. The aim of the project is to preserve the surroundings of the pond, whether by managing attendance or managing plants. 25h/week

Accommodation and food: You will be accommodated in a gîte made available by the town hall. This place includes dormitories, toilets and a kitchen. Meals will be provided and prepared in turn by participants.

Location: Between the Mediterranean Sea and the pond of Salses Leucate, near Perpignan and the Pyrenees.

Leisure activities: As the site will be held in a protected area, the majority of leisure activities will consist of discovering the surrounding nature (fauna and flora), but also discovering the culinary heritage. Transport will also be made available to organize discovery outings and leisure activities.

Closest Train Station: Leucate la Franqui station between 1 p.m. and 6 p.m.

Closest Airport: Montpellier

SJ/ESC82 THE REAL STORY BEHIND ARZELIERS CASTLE 17/09-02/10 RENO 12 vols 18-30

Project: At the gates of the provençale Baronnie, the site of Arzeliers lies perched on a small mountain where one can marvel at a beautiful view of the Durance valley. This former village that today is in ruins is the birthplace of the Laragne commune. There, we can still find the remnants of a chapel as well as the ruins of several homes. For some years now, the commune of Laragne has mobilized the ruins of the Arzeliers castle, a relic of the rich past of these communities, back to life by upgrading and maintaining it. For this purpose, international workcamps of young volunteers have been organized since 2013.

Work: Do you want to learn ancient masonry techniques and to register your action in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production? How to use ancient and ecological materials?

This year, we will continue to work on protecting former homes in close proximity to the castle. With the aim of preserving this heritage and its remains, we will use the same materials used at the time, namely, plaster. We will collect the gypsum on site, and cook it (thanks to an oven built on location), in order to reuse it in the masonry. All of this will be accomplished with the help of a technical supervisor who will be there to share their knowledge! Warning, this will tone up your arms! You'll work for 30h a week, you will get there by vehicle. We will use a scaffold at times for work at heights. Evenings and weekends are free for activities that you will choose and organize together.

Accommodation and food: We'll be living under tents on the « Montéglin » camping in Laragne, a small town steeped in history and typically provençal. On the campgrounds, we have access to amenities like sanitary facilities, a barbecue, a pool, a bocce ball court, a bar, a restaurant, and WIFI. We will install a large kitchen tent in order to prepare our meals. We'll take turns cooking, that way we'll be able to taste a number of different specialties ! Here, we pay attention to what we eat, and to reduce our impact on the planet, we try to eat a maximum of local products and we limit eating meat to twice a week. Community life will be organized together: organization of menus

(vegetarian, vegan and other specific diets possible), grocery shopping, activities, etc. The lunch will be cold as it will be taken to the construction site. Bring a mattress, a good sleeping bag (the nights can be cool) and a pillow (to be adapted to your needs).

Location: The small town of Laragne is a welcoming town with all kinds of shops (10km from Sisteron and 40km from Gap).

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and outings that we want to set up (subject to distance).

Closest train station: Laragne Montéglin (05300)

You can arrive by train from Grenoble or Marseille directly at the Laragne Montéglin station. Carpooling is also possible because Laragne is on the road between Grenoble and Marseille. The meeting times at the Laragne train station will be communicated to you on the infosheet (no times available at this time).

Closest airports: Lyon or Marseille.

SJ/ESC87 AN ECOLOGICAL WORLD 24/10-06/11 ENVI/EDU 16 vols 18-30

Project: The city of Vaires Sur Marne, a stone's throw from Paris, continues its path towards a more ecological and environmentally friendly world. In this project, you will be able to help develop eco practices in the Bois de Vaires, and carry out environmental education activities for the benefit of future generations!

Work: Classified "Natura 2000", the Bois de Vaires has a fitness trail, a playground, picnic tables, benches and land dedicated to sports practices, an arboretum made up of 29 topics. During this project, you will be involved in the construction of ecological modules, which help to promote the biodiversity of the wood (cleaning, pruning, construction of insect shelters, birdhouses, etc.). Accompanied by the animators of the site, you will build environmental education activities for the benefit of the children of the city. Games, debates, quizzes, come and teach younger generations to understand and act on their environment!

Accommodation and food: You will be accommodated in the city gymnasium, two single-sex sanitary blocks available (showers and toilets). The construction site can be reached on foot 15 minutes from the town center of the village.

The meals are prepared collectively by all the young people and the team in turn! For obvious ecological reasons, the purchase of local organic products is prioritized, meat consumption is limited. Vegetarian or vegan cooking for those who wish is possible.

Leisure: Accompanied by the animation teams, you can discover the banks of the Marne, go canoeing along the marne, attend local cinema screenings, go hiking, and visit Paris during the weekends .

Location : Vaires Sur Marne, 77360, 30 min from Paris

Closest train station : Vaires Sur Marne, train "P". Take the "P" train from Paris Gare de l'est Direction "Vaires-Torcy". Get off at Vaires

Closest airports: Paris

Meeting point: Meet at the Vaires sur Marne RER station on Monday September 24, 2022, between 3 and 6 p.m.

SDGs: 11: Sustainable cities and communities, 12: Sustainable consumption and production, 13: Climate protection, 15: Life terrestrial

TEEN WORKCAMPS

SJ/TEEN17 CAPE TO THE ISLAND OF OLÉRON 08/07-22/07 RENO 10 vols 15-17

Project: The town of "Grand-Village", a resort in southwest "Oléron" Island, by the Atlantic, is a loyal partner (since 1996). For some years now, the intercommunity and the town of Grand-Village have worked to enhance the local lifestyle, since the 19th century. It relies on the Oléron's traditional cottage, reflecting the insular life in the late 19th century. In order to restore this "eco-farmhouse", due to be a site to explore and experience, local municipalities have again wished to organize a workcamp. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: Led by an expert with stone-cutting experiences, you will continue the last session's work. You will learn several traditional masonry's techniques: renovating and erecting the dry stone walls that surround and delimit the spaces of this traditional house. You will work in the mornings for around 5 hours, adapted to the weather conditions.

Accommodation and food: On a campsite, in two-person tents, with all the facilities on site (showers, toilets, kitchen). Please bring a sleeping bag and a pillow. Bikes will be available to go on the worksite and to have a ride on the island. You will have a vehicle available for all mobility in the region. Food will be provided and meals will be prepared, in turn, by you, while respecting the values of sustainable development and the culture of each other.

Location: On the Island of Oléron, 35 km from Rochefort-sur-Mer, Charente Maritime.

Leisure activities: You will have many sea activities opportunities, such as fishing and surfing at local clubs. Beach, seaside bike rides, beach volleyball... There are also cities to enjoy like La Rochelle and Rochefort. Entertainment and excursions will be held with locals and in particular with the young people of the "Grand-Village" youth center. Free time will favor encounters with locals waiting for you!

Closest train station: Rochefort (17300)

Closest airport: Bordeaux

Arrival : At Rochefort train station, between 4pm and 6pm. The facilitators will shuttle between the station and the place of accommodation.

Participation fee: 200€

SJ/TEEN21 BETWEEN DRY STONES AND RIVERS 09/07-22/07 RENO/CONS 15 vols 15-17

Project : Come and join the great project of Citrus, and be a part in the renovation of the future international hosting center of Laguëpie. For more than ten years, teenagers from all around the world have come and built, renovated, imagined and given shape to this great project.

Up the hill of the village of Laguëpie, Citrus organization is a place for sharing and gathering, where international volunteers are building, stone after stone and year after year, an intercultural hosting center. Since 2012, it's in the former hamlet of "La Mayounelle " that is located the organization Citrus : office, refectory, kitchen, surrounded by green fields, a green theater and a garden. Guided by the workcamp leaders, you will live in the heart of the organization and share daily life with the whole team of Citrus. Your actions will be in accordance with the objectives 3 and 4 of sustainable development (UN) in favor of good health and well-being and of quality education.

Work: You will take part in the development of the outdoor place, making your contribution to Citrus.

Below the main building, close to the garden, is located the future place to host volunteers during international work camps. Guided by a technical leader of the organization, you will build dry stone retaining little walls to support terraces already created. An ancestral tradition, dry-stone construction allows an ecological building, without concrete or mortar. They promote an ecosystem in its own right.

To this main workshop, some others may be added, connected to the maintenance of the green areas around Citrus, decoration of the premises, maintenance of the vegetable garden, etc...

From Monday to Friday, mornings will be for technical workshops (4 hours per day). Some people will also be dedicated to do the meal preparations for all the group.

Accommodation and food: In collective tents of 8 beds, with wooden floor and beds. Please bring a sleeping bag and a pillow if you wish. Bathrooms, kitchen and refectory are in a building nearby. Wifi isn't accessible and there is no washing machine, so bring enough clothes for the stay, or take something to wash your clothes by hand

You'll be responsible as a group of cleaning the place and cooking the meals, guided by the campleaders. Some choices will be made to encourage local and seasonal products.

Location: on the site of Citrus organization, in the village of Laguepie. It is 100km away from Toulouse, between Albi and Montauban

Leisure activities: In the heart of the Aveyron Gorges, you will be able to take advantage of the possibilities offered by the Tarn-et-Garonne: swimming in the Viaur River, accessible on foot, visiting medieval villages, kayaking, and visiting Albi Cathedral, a Unesco World Heritage Site. With the support of the animation team, you will also organize activities to meet the local population: intervention at the market, international meal, intercultural games, etc.

Closest train station : Lagu  pie 82250

Closest airport : Toulouse-Blagnac (31000)

Arrival : between 4pm and 6pm, some volunteers will pick you up at the train station.

Participation fee: 200  

SJ/TEEN23 THE RUINS OF THE ABBEY CASTLE 1 09/07 – 23/07 ARCHEO 15 vols 15-17
SJ/TEEN47 THE RUINS OF THE ABBEY CASTLE 2 27/07 – 10/08 ARCHEO 15 vols 15-17
SJ/TEEN67 THE RUINS OF THE ABBEY CASTLE 3 13/08 – 27/08 ARCHEO 15 vols 15-17

Project : On the outskirts of an imposing abbey or in the revenue room of the castle, you will walk in the footsteps of archaeologists from the beginning of the 20th century, clearing the wall of the cloister while being attentive to all the little details of the past that they may have missed at the time. Hidden in the hollow of a green valley, the commune of Coly - St Amand is located in the heart of the P  rigord Noir, a territory rich in history! Composed of two former municipalities that have gathered, we will contribute in bringing these former separate territories together. The ruins of the abbey castle in Coly, a testimony to the valley's rich past, preserve beautiful architectural elements (bread oven, vaulted room...) and beautiful secrets remain to be revealed. The abbey of St Amand is proof of the power of the church on this territory throughout the Middle Ages.

After several clearing workcamps on the castle, we arrive this year to the historical layers of the ground. And for the first year we will also work around the abbey of St Amand. Managed by an archeologist, you will work on the excavations of the past centuries. Festivals, night markets, village festivals will be held throughout the summer and you will work with local volunteers to set them up.

You will discover the population's hospitality and the charm of the landscapes and local heritage, by organizing with the other volunteers and other groups and leaders your program of activities.

Work: It will take place on the mornings. The workcamp is diversified as it is both physical work of disbursement (shovels, pickaxes, wheelbarrow) and careful work with excavation (trowels, brushes...) and consolidation work; trail maintenance and itinerary creation, clearing and pruning. You will have the opportunity to discover many aspects of manual work.

Accommodation and food: You will be hosted at the municipal stadium. Sleeping in tents, mattresses provided. Remember to bring your duvet and a pillow. A covered dining area is reserved for you, with a kitchen where in turns you can prepare good dishes.

Location: Coly - St Amand is located in Périgord Noir, 10 km from the Lascaux caves, between Périgueux and Brive.

Leisure activities : You will build your activity program together, based on the outdoor activities available around us.

Closest train station: Condat-Le Lardin

Meeting point : Let's meet on your arrival day in the late afternoon at Condat-Le Lardin train station.

Closest airport: Bordeaux-Mérignac or Toulouse-Blagnac.

Project: The town of Bergerac invites you to discover the Dordogne at the heart of its international workcamp. Reflecting the multicultural aspects of a project of young volunteers, the diversity of actors of this project and actions will surprise all the participants. The Pombonne park, a high-quality educational environmental center, is a place very appreciated by Bergeracois (name of the inhabitants of Bergerac), and will be a privileged meeting place between residents and volunteers. It will also be the place to build an animal observatory using the super adobe technique (in earth sacks). They need your hands! You will also carry out other work such as the construction of nest boxes and the creation of thematic signage (fauna and flora) and their translation into English. Magnificent lake in the park will offer you afternoons by the water. La Gargouille theatre is looking forward to welcoming you and to make you discover it. The international project is part of this approach to make this very technical association originally a space of life and exchange for local inhabitants and people from around the world passing through the region.

Work: The work site consists of various environmental work, construction and rehabilitation of a performance hall. There will also be more artistic and creative assignments for the park and the theater. You will work in various spaces frequented daily by the inhabitants in order to improve their living environment. The workcamp will take place in the mornings and the discovery of the surroundings and the community life in the afternoons.

Accommodation and food: You will be welcomed at the Gargouille theater. Sleeping in tents, mattresses provided. Outdoor showers and toilets will be installed for you. As well as chalets for preparing meals, with a kitchen where you can take turns preparing good dishes.

Location: Bergerac, south of the Dordogne.

Leisure activities: Swimming, canoeing, site visits, meeting with locals, circus and theater workshops.

Closest train station: Bergerac station.

Meeting point : Let's meet on Wednesday July, 8th at the end of the afternoon at Bergerac station.

Closest airport: Bergerac Airport ; Bordeaux – Mérignac

Participation fee: 200€

SJ/TEEN29 KEEPING FAÏ WARM 1 11/07-23/07 RENO 12 vols 15-17

SJ/TEEN59 KEEPING FAÏ WARM 2 07/08-20/08 RENO 12 vols 15-17

Project: Participating in the ecological insulation of a stone house in the heart of an idyllic mountain landscape- that sounds interesting? Join us and come discover the former Ferme du Faï and its natural setting at an altitude of about 1000 meters! The association Les Villages des Jeunes has managed, organized, and renovated Faï's welcome center since 1990, in partnership with the SIVU of Haute-Maraize. The Ferme du Faï is a former agricultural area where the buildings were converted into studios and group accommodations. From April to December, the association organizes a back-to-work project there for local residents and welcomes, in the form of internships, young people facing hardships. In the summer, the Faï is also a place of residence for professional artists that come to take advantage of the amazing location to create collectively and contribute to festivals like La Montagne qui Chante...The workcamps that we organize at Faï contribute to making this a place of innovation and freedom where working and living together, whether that be for a few days or several months, becomes possible for young people and adults, people from all countries and all cultures, employees, volunteers, artists, tourists etc. The activities at the Faï farm are in line with several objectives of sustainable development by a responsible consumption and production, by a functioning which wants to be equal for each person present, by an attention brought to a participative education of quality and this since its origin and also the wish to take part in the well-being and the good health of the people. We hope that you too, a volunteer from France or abroad, will come with this spirit of openness and collaboration that fuels our project !

Work: After the insulation of the "Auberg'in" building this year, the insulation work is taking place on a building called "The Farm". This building hosts the long term volunteers but also the offices and housing of the permanent employees. For the comfort of the people and for ecological reasons, we want to improve the insulation of this stone house. With the help of the technical supervisor, we will work with eco-construction techniques and materials (such as hemp and lime, wood). We will build a wooden frame on the outside of the house. This framework will be used to contain the insulation, made of a mortar of lime and hemp straw. At certain times, we will work at height, using a scaffolding. The time spent on the site is approximately 30 hours per week.

Accommodation and food: Housing will be in individual tents, that we furnish and provide mattresses for, on the campgrounds of the Ferme du Faï. The campgrounds have access to showers, restrooms, and the kitchen. There's no WIFI, but you'll be able to meet people from all over the world ! We'll take turns cooking, that way we'll be able to taste a number of different

specialties ! Here, we pay attention to what we eat, and to reduce our impact on the planet, we try to eat a maximum of local products and limit eating meat to twice a week. The collective life is organized together: organization of the menus (vegetarian, vegan and other possible specific diets), shopping, activities, etc. The meals will be shared by all the people present on the farm. Bring a mattress, a good comforter (nights can be cold) and a pillow (to be adapted according to your needs).

Location: The farm of Fai, 3km from the village of Saix, is 15km away from the main city, Veynes. Grocery shopping days, which will be conducted once or twice a week, will be organized using our vehicles.

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and outings that we want to set up (subject to distance). Once a week, the welcome center generally organizes an evening of music with homemade woodfired pizzas.

Closest train station: Veynes Dévoluy (05400) – Accessible via the stations Valence TGV, Valence city, Grenoble, Marseille Saint-Charles. The meeting times at the Veynes train station will be communicated to you on the route map (no times available at this time).

Closest airports: Lyon ou Marseille.

Participation fee: 200€

SJ/TEEN86 REVIVING THE RIVER 11/07-24/07 RENO 16 vols 15-17

Project: Along the Essonne, many washhouses testify to the history of the river, its use for textile manufacturing, washing laundry, meetings... This historic heritage renovation project aims to restore the capacity of the Cerny washhouse to once again welcome young people and residents, to once again become a place of meetings and exchanges along the streams in a natural setting. Used for centuries, the Cerny washhouse is now abandoned. This renovation project aims to transform the city's historic wash house into a pleasant place that can once again welcome residents, young and old, to walk around, organize events, reconnect with nature...

Work: During 15 days, you will participate in the morning between 9:30 a.m. and 1:00 p.m. in light masonry work, painting and environmental cleaning of the surroundings of the washhouse and the river. No specific skills are required, apart from the desire for commitment and good humor! During the afternoons, the entertainment team will offer you activities to discover the environment, games, workshops, and evening evenings under the stars! You will also have the opportunity to spend a day in Paris, and come and visit the association's eco-village, located 5 minutes from Cerny!

Accommodation and food: You will be accommodated in the city gymnasium, two single-sex sanitary blocks available (showers and toilets). The construction site can be reached on foot 10 minutes from the town center of the village.

The meals are prepared collectively by all the young people and the team in turn! For obvious ecological reasons, the purchase of local organic products is prioritized, meat consumption is limited. Vegetarian or vegan cooking for those who wish is possible.

Location : Cerny (91590), 40 km south of Paris.

Leisure activities : Activities offered by the entertainment team, canoeing, visits to Paris, hikes, big games...

Closest train station : La Ferté Alais 91590

Take the RER D from Paris (Gare du Nord, Chatelet, Gare de Lyon ...) direction "Corbeille-Essonne", change at Juvisy. Take the RER D towards "Malherbe". Get off at La Ferté Alais

Meeting point: Let's meet at the RER station in La Ferté Alais on Monday July 11, 2022, between 3 and 6 p.m.

SDG: 12: Sustainable consumption and production, 13: Climate protection, 15: Life on land

Participation fee: 200€

SJ/TEEN30 THE GREEN THEATRE 1 11/07-24/07 CONS 12 vols 15-17

Project: Participate in the development of a workshop for young and old, professionals and neophytes, sounds interesting, doesn't it? Join us and come discover the Hameau de Vaunières and its natural setting at 1173 meters above sea level ! Vaunières, a hamlet unlike any other ! Lost at the end of the Buëch valley, at the heart of the Hautes Alpes, the association Les Villages des Jeunes has managed, organized, and renovated the residential center of Vaunières since 1964 !

Vaunières was a former small mountain village that today has become a sort of launching pad for local youth and adults, but it's also a venue used to host French and international volunteers. Vaunières is a vacation destination for many families, tourists, and constituent groups who come to take advantage of the calm mountain atmosphere and the dynamics of the environment. The workcamps that we organize at Vaunières with volunteers from all countries allow us to reinforce the cultural diversity of our engagement and make this site a place that is open to the world, where people of all ages and of all social and cultural backgrounds agree to meet each other and work together while participating in life within a community. The activities at the Fai farm are in line with several objectives of sustainable development by a responsible consumption and production, by a functioning which wants to be equal for each person present, by an attention brought to a participative education of quality and this since its origin and also the wish to take part in the wellbeing and the good health of the people. We hope that you too, a volunteer from France or abroad, will come with this spirit of openness and collaboration that fuels our project !

Work: This summer's construction sites will all be working to rebuild a bridge over the small Vaunierette river. This bridge was built in the year 2000 and had begun to deteriorate seriously. At the end of last summer, the team dismantled it for safety reasons. This year, we invite you to participate in its total reconstruction. The first step will be to dismantle the central stone pillar which is in danger of collapsing into the river. After that, the preparation work of the wooden structure will be done. The technique that will be used is very common in the construction of bridges and aircraft fuselages. It is the triangulated or lattice system which consists in assembling each section so that a good balance of stresses is respected. And it promises a pretty cool result.

Accommodation and food: Accommodation will be in individual tents, which we provide, as well as mattresses, on the camping areas of the hamlet of Vaunières, with access to showers, toilets, and the kitchen. There is no WIFI. But you will meet people from all over the world! You will take turns cooking, so that we can taste several specialties! Here, we are careful about what we eat. To reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organized together: organization of the menus (vegetarian, vegan and other specific diets possible), shopping, activities, etc. Bring a mattress, a good comforter (the nights can be cold) and a pillow (to be adapted to your needs).

Location: Le Hameau de Vaunières, 6km from the village St Julien en Beauchêne, is 23km away from the main city, Veynes. Grocery shopping, which will be conducted once or twice a week, will be organized using our vehicles.

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and outings that we want to set up (subject to distance). Once a week, the welcome center generally organizes an evening of music with homemade woodfired pizzas.

Closest train station : Lus-La-Croix-Haute (26620). The meeting times at the Veynes train station will be communicated to you on the route map (no times available at this time).

Project: *Le Centre de Beaumotte* hosts people from all over the world and a large variety of backgrounds, including international volunteers, who spend an entire year living and working at the center. As a collective experience, this project offers time and space for an intercultural exchange and sharing of ideas. In the spirit of the «responsible consumption and production» goals set by the UN, this work camp will be about group construction work, and will encourage new ways of living and thinking. Here, in the French countryside, you will be able to share an enriching daily life with young people from all around the world.

Work: In this place of learning and experimentation, everyone is invited to add their unique touch to a very colorful tapestry. During the work (4 hours a day) you will learn techniques from carpentry, to create giant wooden games which will be used at the center for festivals and special occasions. You will evolve as a team with the help of a technical supervisor, sharing all tasks associated with collective life such as cooking, cleaning, after work activities etc.

Accommodation and food: You will stay at the center and have a bed to yourself. Please bring your own duvet or sleeping bag and pillow. The center is equipped with a bathroom and a kitchen. Accompanied by the camp leaders, you will make the menu and prepare the meals, in turns. Feel free to initiate collective meals with the other residents. Vegetarian options are available.

Location: Association Centre de Beaumotte, Le Saussoir, 70190 Beaumotte-Aubertans. The commune is situated 30-minute drive from Besançon.

Leisure activities: May it be during the afternoons or weekends; your group will initiate and organize the activities. The ideal programme will take into consideration the wishes of everybody and a financial side of things. You can also rely on the support of the residents for organization, as they will be delighted to engage with you and to give advice on how to best discover the local environment and enjoy your stay.

Closest train stations: Vesoul and Besançon. We are located 25 minutes away from Vesoul, 30 minutes away from Besançon TGV and 35 minutes away from Besançon-Viotte.

Closest airports : Paris or Basel in Switzerland

Time and directions to the meeting point: A meeting point will be established to facilitate your arrival. This is planned towards the end of the day between 4 pm and 6 pm. Camp Leaders will drive you to the Centre de Beaumotte.

Participation fee: 200€

SJ/TEEN42 MEETING BEYOND THE PEBBLES 24/07-06/08 RENO/CONS 15 vols 12-14

Project : Come and join a great project of Citrus and be part in the renovation of the future international hosting center of Laguëpie. For more than ten years, teenagers from all around the world have come and built, renovated, imagined and gave shape to this great project.

Up the hill of the village of Laguëpie, Citrus organization is a place for sharing and gathering, where international volunteers are building, stone after stone and year after year, an intercultural hosting center. Since 2012, it's in the former hamlet of "La Mayounelle » that is located in the organization Citrus : office, refectory, kitchen, surrounded by green fields, a green theater and a garden. Guided by the work-camp leaders, you will live in the heart of the organization and share daily life with the whole team of Citrus. Your actions will be in accordance with the objectives 3 and 4 of sustainable development (UN) in favor of good health and well-being and of quality education.

Work: You will take part in the creation and realization of cobblestone floors, making your contribution to Citrus. The art of "calades" (cobblestones) is an ancestral Occidental technique; it is the paving of the ground with local stones. It will make it easier to move around the association's site, create weather-resistant paths, and enhance the Occidental architectural heritage. To this main workshop, some others may be added, connected to maintenance of the green areas around Citrus, decoration of the premises, maintenance of the vegetable garden, etc...

From Monday to Friday, mornings will be dedicated to technical workshops (4hours per day). Some people will also be dedicated to do the meal preparations for all the group.

Accommodation and food: In collective tents of 8 beds, with wooden floor and beds. Please bring a sleeping bag and a pillow if you wish. Bathrooms, kitchen and refectory are in a building nearby. Wifi isn't accessible and there is no washing machine, so bring enough clothes for the stay, or take something to wash your clothes by hand

You'll be responsible as a group of cleaning the place and cooking the meals, guided by the campleaders. Some choices will be made to encourage local and seasonal products.

Location: on the site of Citrus organization, in the village of Laguëpie. It is 100km away from Toulouse, between Albi and Montauban

Leisure activities: In the afternoons and evenings, let your creativity talk ! Those times will be organised all together with the group. You will be able to enjoy swimming in the river nearby, to visit medieval villages, or to go for a kayak ride in a kayak ! With the help of the camp leaders, you'll organize events to connect with the local community, such as international dinners.

Closest train station : Laguëpie (82250)

Closest airport : Toulouse-Blagnac (31000)

Arrival: Between 4 and 6 pm at Laguëpie's train station. For teenagers coming from abroad, campleaders can pick you up at the end of afternoon at Toulouse's airport if needed.

Participation fee: 200€

Project: Participating in the development of a workshop for young and old, professionals and neophytes, sounds interesting, isn't it ? Join us and come discover the Hameau de Vaunières and its natural setting at 1173 meters above sea level ! Vaunières, a hamlet unlike any other ! Lost at the end of the Buëch valley, at the heart of the Hautes Alpes, the association Les Villages des Jeunes has managed, organized, and renovated the residential center of Vaunières since 1964 !

Vaunières was a former small mountain village that today has become a sort of launching pad for local youth and adults, but it's also a venue used to host French and international volunteers. Vaunières is a vacation destination for many families, tourists, and constituent groups who come to take advantage of the calm mountain atmosphere and the dynamics of the environment. The workcamps that we organize at Vaunières with volunteers from all countries allow us to reinforce the cultural diversity of our engagement and make this site a place that is open to the world, where people of all ages and of all social and cultural backgrounds agree to meet each other and work together while participating in life within a community. The activities at Vaunières are in line with several objectives of sustainable development by a responsible consumption and production, by a functioning which wants to be equal for each person present, by an attention brought to a participative education of quality and this since its origin and also the wish to take part in the well being and the good health of the people. We hope that you too will come with this spirit of openness and collaboration that fuels our project!

Work: This work site will be dedicated to the preparation of the surroundings of the future bridge over the river "la Vaunierette". This is an essential and important step that helps to consolidate the foundations that will house the future bridge. We propose various actions of small masonry on the supporting pillars, the resumption of a gabion (large box filled with stone) in order to put it back in the direction of the river bed. You will also be able to participate in the creation of steps to facilitate access and crossing of the river on either side of the temporary footbridge. You will be accompanied by a technical supervisor assisted by an agent from SMIGIBA (the joint intercommunal management syndicate for the Buëch and its tributaries) who will guide you and help you to understand how a mountain torrential river lives and the impact of your actions on this environment (fauna/flora).

Accommodation and food: Accommodation will be in individual tents, which we provide, as well as mattresses, on the camping areas of the hamlet of Vaunières, with access to showers, toilets, and the kitchen. There is no WIFI. But you will meet people from all over the world! You will take turns cooking, so that we can taste several specialties ! Here, we are careful about what we eat. To reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organized together : organization of the menus (vegetarian, vegan and other specific diets possible), shopping, activities, etc. Bring a mattress, a good comforter (the nights can be cold) and a pillow (to be adapted to your needs). An educational facilitator will be present throughout the work camp to help you organize yourselves collectively and to propose activities.

Location: Le Hameau de Vaunières, 6km from the village St Julien en Beauchêne, is 23km away from the main city, Veynes. Grocery shopping, which will be conducted once or twice a week, will be organized using our vehicles.

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and outings that we want to set up (subject to distance). Once a week, the welcome center generally organizes an evening of music with homemade wood fired pizzas.

Closest train station : Lus-La-Croix-Haute (26620)

Meeting point : The meeting will be on 25/07 in the afternoon. The exact time at Lus-La-Croix-Haute train station will be communicated to you on the infosheet (no times available at this time).

Closest airports : Marseille or Lyon.

Participation fee : 200€

SJ/TEEN53 ON FOOT TOWARDS INTERCULTURALITY 04/08-18/08 ENVII/CULT 10 vols 15-17

Project: The Hiking and Tourism Service of Jonzac, in the profit of its 7,000 kilometers of hiking, aims to create a sports workcamp for international teenagers. Thus, this Tourism Service in partnership with Maison des Bateleurs – Solidarités Jeunesses seeks to develop the interculturality and well-being of the community of Haute Saintonge. Exchanges are planned between the locals and young people with main events, but also the support of young people in the assembly of hiking events. Your actions will be in accordance with the objectives 3 and 15 of sustainable development (UN) in favor of good health and life on land.

Work: Accompanied by professionals in the development of green areas and the protection of flora and fauna, you will contribute to the maintenance, marking and clearing of hiking trails. In addition, you will participate in the workshops of interculturality and well-being. You will work around 4 hours in the mornings.

Accommodation and food: You will sleep in dorms (8 people) at Maison des Bateleurs, Montendre. You will have a vehicle available for all mobility in the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location : Montendre, Charente-Maritime, 75 kms away from Bordeaux

Leisure activities: You can learn many things about ecology thanks to the support of the Hiking and Tourism Services of Jonzac. In addition, the city has an important cultural and historical heritage. You can also visit the forests of the Landes, the estuary of the Gironde as well as the visit of cities like Bordeaux, Saintes or Angoulême (historic city of cartoons magazines).

Closest train station: Montendre (17130)

Closest airport: Bordeaux

Arrival : Let's meet at Montendre train station between 4pm and 6pm. The facilitators will shuttle between the station and the place of accommodation.

SDG: SDG 3 Good Health -Wellbeing et SDG 15 Life on Land

Participation fee: 200€

TRILATERAL WORKCAMPS

Those projects are financed by the Franco-German Youth Office (OFAJ in French) and are reserved for German organizations and for partners that already signed the agreement with SJ.

SJ/TRI34 CHESTNUT IN CÉVENNES 13/07-02/08 ENVI 6 vols 15-17

Project: The workcamp will be held in a unique location in the Cévennes National Reserve (Lozère), in partnership with two local associations. One has rehabilitated a hotel from the Middle Ages, in a spirit of community, openness and benevolence towards everyone. The second is a citizen collective organized around the management of local natural resources in an approach of respect for the environment and sustainability. Your action will be in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production.

Work: You will be involved with the citizen collective in the management of local resources. More specifically, the site will be around the chestnut grove. This year, the work will specifically concern the educational trail that runs through this chestnut grove: construction of a playground for children, development of educational elements (carpentry), minor leveling and earthworks 20h/week.

Accommodation and food: The workcamp will take place in a particularly isolated area, where you will be accommodated camping in individual tents (remember to bring your sleeping bag) in the chestnut grove, solar showers and dry toilets will be installed near the camp. In addition, if the climatic conditions deteriorate too much to be able to camp, a shelter, a few hundred meters away, will be accessible. Meals will be provided and prepared in turn by participants.

Location: Near the rural area of Ventalon in the Cévennes.

Leisure activities: As the site is held in an isolated area, the majority of leisure activities will consist of discovering the surrounding nature, hiking in the Cévennes and swimming in the river. Transport will also be made available to organize discovery outings and leisure activities.

Closest Train Station: Genolhac station. Between 1 p.m. and 6 p.m.

Closest Airport: Montpellier

SDG: No. 12: Responsible production and consumption

Participation fee: 200€

SJ/TRI37 TELL ME ABOUT THE FOREST 17/07-31/07 ENVI 15 vols 15-17 ans

Project: Do you like to take a walk in the forest ? In Le Créneau, we also do : In front of our castle, our hosting center has a beautiful, century-old forest estate with unusual flora. The Prureaux forest is not exploited and little by little the paths have disappeared. Help us to reclaim the forest and reopen a walking path by creating two new ways. In order to make our forest a real support for discovery and awareness, you will create a playful and educational path to discover the natural heritage.

Work:

- Reopening old paths: by clearing the paths of fallen trees and branches, by pruning and clearing the surroundings.
- Creating signposting: by creating wooden stencils, we will mark the paths with paint so that everyone can find their way around.

- Facilitating the pathway: by creating small facilities (small steps, bridges and ramps) to help movement and make the pathway safer
 - Identify biodiversity: Accompanied by a specialist, this work of identifying the common and remarkable biodiversity of our forest will be a basis for the creation of our environmental education tools (the trail game and the educational trail)
 - Create a trail game: Used by future groups or during nature activities in the forest with schoolchildren and social centers, it will enable them to discover the forest's inhabitants and flora in a playful way (riddles, photo rally, rebus ...)
 - Create wooden educational panels: For use by visitors and the local population who come to walk in the woods, this trail will combine the useful with the pleasant by marking the path with information on the natural riches of the forest.
- The work will take place in the morning, from 8:30AM to 1PM, with a break of 30 minutes around 11AM.

Accommodation and food: You will be hosted on Le Créneau's camping, in collective tents (5-6 persons per tent) with wooden floor and beds. WiFi is **not** available on site. Food will be provided and prepared in the kitchen of the castle by the participants in groups, with the support of the cooking staff.

Location: Montcombroux les Mines (45 kms away from Moulins)

Leisure activities: Afternoons and weekends are planned collectively with the group leaders. If you want to discover the cities around, Vichy and Moulins are 45 kms away. If you'd rather have a nice walk in nature, the surroundings are perfect for hiking, landscape seeing, discovering local markets, swimming, and enjoying sports activities and games.

Closest train station : Moulins-sur-Allier (03000), 4 rue Philippe Thomas

Closest airports : Lyon or Paris

Arrival : Let's meet at Moulins-sur-Allier train station, at 5pm !

Participation fee: 200€

SJ/TRI54 GREAT HOUSES, SMALL ANIMALS 06/08-20/08 ENVI 15 vols 15-17

Project: Do you know what owls, insects and bats have in common ? They all serve our environment! Come find out more in Le Créneau ! Located in the middle of nature, our hosting center provides a natural, well preserved and rich biodiversity. This biodiversity is the home to various remarkable species, who deserve to be protected and valued as such : bats, owls, mice, bugs, frogs, etc. Come to help us preserve those so called « undesirable » species, and contribute to bring awareness to the part they play in the local ecosystem. A great workcamp so sing along the frog's song ! Your actions will be in accordance with the objectives 5 and 12 of sustainable development (UN) in favor of gender equality and responsible consumption and production.

Work: There will be multiple workshops along the workcamp so that everyone can participate in constructing houses and arrange places.

What to expect :

- Listening and observing sessions of nocturnal raptors with specific techniques
- Building of a birdhouse
- Building of a low wall using dry stone technique
- Building of a house for bats
- Renovation of the bugs' hotel
- Planting honey seeds

The work will take place in the morning, from 8:30AM to 1PM, with a break of 30 minutes around 11AM.

Accommodation and food: Participants will be hosted on Le Créneau's camping, within collective tents (5-6 per tents) with wooden floor and beds. WiFi is not available on site. Food will be provided and prepared by the participants in groups, in the castle's kitchen with the support of the cooking staff.

Location: Montcombroux les Mines (45 kms away from Moulins)

Leisure activities: Afternoons and weekends are planned collectively with the group leaders. If you want to discover the cities around, Vichy and Moulins are 45 kms away. If you'd rather have a nice walk in nature, the surroundings are perfect for hiking, landscape seeing, discovering local markets, swimming, and enjoying sports activities and games.

Closest train station : Moulins-sur-Allier (03000), 4 rue Philippe Thomas

Closest airports : Lyon or Paris

Arrival : Let's meet at Moulins-sur-Allier train station, at 5PM !

Participation fee: 200€

SJ/TRI63 LET'S RENOVATE THE COLONY 01/08-15/08 ENVI 6 vols 15-17

Project: The worksite will be held at the REV's permanent site, a former summer camp culminating at an altitude of 1500m. This site is located at the foot of Mont Lozère in the heart of the Cévennes. The REV took over the place in the spring and wants this place to become a place of welcome, exchange and meeting. It is conveniently located on Stevenson Road. The project therefore aims to develop the exteriors so that visitors can find a pleasant place to meet international volunteers, construction site volunteers, etc. Your action will be in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production.

Work: You will be involved with the REV team on the layout of the garden and a Colony Restoration Party. More specifically, the project will aim to restore wooden benches and create a terraced garden where flowers can be planted. You can also do small carpentry work to make shutters for the part that will serve as reception during the winters. 20h/week

Accommodation and food: The workcamp will take place in a particularly isolated area, where you will be accommodated on the REV site in individual tents (remember to bring your sleeping bag). You will have access to sanitary facilities near the camp. In addition, if the climatic conditions deteriorate too much to be able to camp, a shelter, a few meters away, will be accessible. Meals will be provided and prepared in turn by participants.

Location: Very close to Mont Lozère

Leisure activities: As the site is held in an isolated area, the majority of leisure activities will consist of exploring the surrounding nature, hiking in the Cévennes and swimming in the river. Transport will also be made available to organize discovery outings and leisure activities.

Closest Train Station: Genolhac station. Between 1 p.m. and 6 p.m.

Closest Airport: Montpellier

Participation fee: 200€

SJ/TRI64 THE GRASS IS ALWAYS GREENER 10/08-23/08 RENO/CONS 15 vols 15-17

Project : Come and join the great project of Citrus, and be a part in the renovation of the future international hosting center of Laguëpie. For more than ten years, teenagers and adults from all around the world have come and built, renovated, imagined and gave shape to this great project.

Up the hill of the village of Laguëpie, Citrus organization is a place for sharing and gathering, where international volunteers are building, stone after stone and year after year, an intercultural hosting center. Since 2012, it's in the former hamlet of "La Mayounelle " that is located the organization Citrus : office, refectory, kitchen, surrounded by green fields, a green theater and a garden. Guided by the work camp leaders, you will live in the heart of the organization and share daily life with the whole team of Citrus. Your actions will be in accordance with the objectives 3 and 4 of sustainable development (UN) in favor of good health and well-being and of quality education.

Work : You will take part in the creation of the new garden of Citrus. By defining plots of land, creating signs or decorating the different zones, you will give shape to the garden with natural materials.

In order to encourage the biodiversity of the site, you will build a bug's hotel and birdhouses. By hiking around Citrus, you will discover the typical plant and animal life of the area, and create fun signs for the international volunteers to come.

From Monday to Friday, mornings will be dedicated to technical work (4 hours per day). Some volunteers will be in the cooking team, with the referent cook of Citrus, to prepare the meals.

Accommodation and food: In collective tents of 8 beds, with wooden floor and beds. Please bring a sleeping bag and a pillow if you wish. Bathrooms, kitchen and refectory are in a building nearby. Wifi isn't accessible and there is no washing machine, but you can wash your clothes by hand.

As a group, you will be responsible for cleaning the place and cooking the meals, guided by the campleaders. Some choices will be made to encourage local and seasonal products.

Location: on the site of Citrus organisation, in the village of Laguëpie. It is 100km away from Toulouse, between Albi and Montauban

Leisure activities: In the afternoons and evenings, let your creativity talk ! Those times will be organised all together with the group. You will be able to enjoy swimming in the nearby river, visiting medieval villages, or going for a kayak ride! With the help of the camp leaders, you'll organize events to connect with the local community, such as international dinners.

Closest train station : Laguëpie 82250

Closest airport : Toulouse-Blagnac (31000)

Arrival : Laguëpie train station between 4pm and 6pm. Campleaders will pick you up.

SJ/TRI73 FROM WAR TO PEACE 02/09-23/09 RENO 10 vols 18-30

Project: Located at the mouth of the Charente, the Fouras peninsula is home to 3 ports and 5 beaches of the Atlantic coast. In an idyllic setting with a view of Fort Boyard, the worksite will consist of the renovation of the Vauban fort, also called the Semaphore fort, which is in reality the medieval fortified castle of Fouras. It protected the city from a possible invasion from an enemy landing by the ocean. It is surrounded by 17th century fortifications: platforms, curtain walls and massive towers. This workcamp is part of the continuity of the partnership with the town of Fouras

and its desire to pursue local development actions (renovation work camp on the Fort de l'Aiguille as well), through the intercultural dynamics allowed by the volunteer youth workcamps. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: You will work on the restoration of a part of the Vauban Fort, namely the façade of the northern front. Accompanied by a specialized technical supervisor, you will first have to ensure the de-vegetation of the facade, then the de-jointing and the repointing with limemotar mortar. Other traditional masonry work and stone cutting are planned, which will allow you to familiarize yourself with these techniques. It is a physical job, but in an idyllic setting by the ocean. You will work approximately 6 hours per day.

Accommodation and food: It will be collective, under tents at the Fouras campsite (pool, multi-sports area, WIFI, snack...). You will have a vehicle available for all mobility in the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Fouras-les-Bains, Charente-Maritime

Leisure activities: You can enjoy many water activities, such as fishing and sailing with local clubs. The beach, bike rides by the sea, beach volleyball and other pleasures are to be discovered. You can also visit museums as well as some cities such as La Rochelle and Rochefort. Your visit will favor the meeting with locals who are looking forward to seeing you, especially at table for an international diner party or the Music Festival, among other summer events!

Closest train station: Rochefort

Closest airport: Bordeaux

Arrival : At Rochefort train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.

SJ/TRI81 HISTORY OF THE ATLANTIC COAST 16/09-07/10 RENO 10 vols 18-30

Project: For several years, Île d'Aix has been hosting international workcamps for the restoration of Fort Liédot, including the Saint Eulard batterie built in 1860 to protect the country from English invasions. However, this place of war is today a vector of peace understood by Solidarités Jeunesses, the Île d'Aix City Hall and the Conservatoire du littoral. In order to continue the actions of conservation and restoration of the heritage of the island, while promoting its dynamism and local development, the young international volunteers will have the opportunity to continue the work of the preceding group, know the natural landscapes as well as the local culture. Your actions will be in accordance with the objective 11 of sustainable development (UN) in favor of sustainable cities and communities.

Work: You will participate, during 13 mornings of 6 hours of work, in the restoration of the wall of the battery of Saint Eulard of Fort Liédot. The work will consist of vegetating the site in order to do masonry and traditional stone cutting work on rubble walls. You will have the task of cutting and replacing the stones and then de-jointing and rejoining the wall, with hydraulic chaux. In the afternoon, the international volunteers will be able to visit and enjoy local culture as well as carrying out raising-awareness activities about interculturality and sustainable development.

Accommodation and food: The accommodation will be collective, in shared rooms (4 beds), at the Armand Fallières accommodation center, near Fort Liédot. You will have bicycles for walking and going to the work site. Food will be provided for breakfast, lunch and dinner. Meals will be prepared, in turn, by you, especially for lunch and dinner, while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Leisure activities: On the island, you can enjoy many nautical activities, such as fishing on foot and sailing with local clubs! The beach, bike rides by the sea, beach volleyball and other pleasures are to be enjoyed. You can also visit forts and museums as well as some cities like La Rochelle and Rochefort or visit the island's school to share your cultures with local children. The highlights of the stay will favor the meeting with locals who are looking forward to seeing you, especially for the international meal party!

Closest train station: Rochefort (17300)

Arrival: You take a bus between 4 and 6 pm from the Rochefort train station to the port of Fouras. Then, you take the boat at 7pm to the Island of Aix where the animators will be waiting for you.

SJ/TRI02 LIVING BOOKS 30/09-21/10 CULT 8 vols 18-30

Project: The Haute Saintonge Library Network seeks to bring the culture of books to life in the region. Thus, a partnership with the Maison des Bateleurs – Solidarités Jeunesses was created in order to connect international young people with local people in an intercultural and literary atmosphere to make alive a practice eager to continue living among the public of all ages, especially the youth.

Work: You will participate in the creation of a literary atlas with locals. This creation comes from the writing and reading workshops carried out in the libraries of the region. In addition, you will participate in interculturality workshops.

Accommodation and food: You will be sleeping in dorms for 8 people at la Maison des Bateleurs in Montendre. Sheets, mattresses, pillows will be at your disposal. You will have a van for your transportation to the workcamp in Jonzac (20 minutes from the house) and for your travels throughout the region. Food will be provided for breakfast, lunch and dinner. Each meal will be prepared each day by teams except for breakfast, while respecting the values of sustainable development and the culture of each person (vegetarian and vegan meals are available upon request).

Location: Jonzac

Leisure activities: You can enjoy many cultural activities such as visiting historic cities such as Jonzac, Blaye, Rochefort, La Rochelle, Bordeaux, among others. You can also take advantage of the surrounding forests for hiking or enjoy the good moments at the beach on the coast of the Gironde.

Closest train station: Montendre

Closest airport: Bordeaux

Time and directions to the meeting point: Montendre train station at 6pm. The campleaders will shuttle you from the station to the accommodation.

SDG : 4 Quality Education

FAMILY WORKCAMP

The participation fees for children under 11 years old are 50 €. For children above 11 and adults, the participation fees are 100 €.

Open to 1 child (5-15 y.o.) + 1 parent minimum.

SJ/FAM60 THE MELTING POT FESTIVAL

Project: Participate in the development of a workshop for young and old, professionals and neophytes, sounds interesting, isn't it? Join us and come discover the Hameau de Vaunières and its natural setting at 1173 meters above sea level ! Vaunières, a hamlet unlike any other ! Lost at the end of the Buëch valley, at the heart of the Hautes Alpes, the association Les Villages des Jeunes has managed, organised, and renovated the residential center of Vaunières since 1964 ! Vaunières was a former small mountain village that today has become a sort of launching pad for local youth and adults, but it's also a venue used to host French and international volunteers. Vaunières is a vacation destination for many families, tourists, and constituent groups who come to take advantage of the calm mountain atmosphere and the dynamics of the environment. The workcamps that we organise at Vaunières with volunteers from all countries allow us to reinforce the cultural diversity of our engagement and make this site a place that is open to the world, where people of all ages and of all social and cultural backgrounds agree to meet each other and work to get her while participating in life within a community. The activities at the Faïfarm are in line with several objectives of sustainable development by a responsible consumption and production, by a functioning which wants to be equal for each person present, by an attention brought to a participative education of quality and this since its origin and also the wish to take part in the well being and the good health of the people. We hope that you too, a volunteer from France or abroad, will come with this spirit of openness and collaboration that fuels our project !

Work: This summer's workcamp will be in full swing to prepare the scenography (decor, preparation of spaces) for the Melting Pot festival organised by the Vaunières volunteer team. This project is suitable for young and old alike, and will involve creativity and a little technical work. The aim of the game is to allow everyone to bring a little bit of themselves in order to welcome the public in the universe of the Melting Pot theme (not yet defined but as an indication there were Pirates, Witches). You will be accompanied by our team of technical supervisors and volunteers to express your creative ideas in a process of recovery and use of materials and materials with low environmental impact. In the end of the workcamp, you will take part to the festival.

Accommodation and food: Accommodation will be in individual tents, which will be provided, as well as mattresses, on the camping areas of the Vaunières hamlet, with access to showers, toilets, and cooking facilities. There is no WIFI. But you will meet people from all over the world! Lunch will be taken with all the people on the site, so you will only have to have breakfast and dinner with the families on the site. You will take it in turns to cook, so that we can taste several specialities! Here, we pay attention to what we eat, to reduce our impact on the planet, we try to eat a maximum of local products and we eat meat twice a week. The collective life is organised together: organisation of menus (vegetarian, vegan and other specific diets possible), shopping, activities, etc. Bring a mattress, a good duvet (the nights can be chilly) and a pillow (to be adapted to your needs).

Location: Le Hameau de Vaunières, 6km from the village St Julien en Beauchêne, is 23km away from the main city, Veynes. Grocery shopping, which will be conducted once or twice a week, will be organised using our vehicles.

Leisure activities: We will be in an exceptional location to discover the joys of hiking among the mountains, its rivers, its lakes, the farmers markets, and festive events organized in the surrounding villages (depending on programming). As a group, we'll decide the activities and

outings that we want to set up (subject to distance). Once a week, the welcome center generally organises an evening of music with homemade wood fired pizzas.

Closest train station : Lus-La-Croix-Haute (26620) and Veynes-Dévoluy. The meeting times at the arrival train station will be communicated to you on the route map (no times available at this time).

Closest airports: Marseille or Lyon.

Participation fee: 50€ for children under 10, 100€ for adults and children over 11.

SJ/FAM71 THE SUMMER VEGETABLE GARDEN 23/08-30/08 ENVI/CULT 15 vols 5+
SJ/FAM83 THE VEGETABLE GARDEN: A FAMILY ADVENTURE 24/10-31/10 ENVI /CULT 10 vols 5+

Project: The objective of this workcamp is, thanks to exchanges and a transfer of inter-generational knowledge, to awaken you to sustainable development. Sustainable development, like permaculture is rooted in the organization's values and is transversal in our actions. This is why, Maison des Bateleurs-Solidarités Jeunesses has undertaken for several years the creation of an environment pole (a phytosanitary basin, dry toilets, a compost, an organic garden, the use of the surrounding natural resources, are some examples). Your actions will be in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production.

Work: During this workcamp, you will actively participate in the life of the House and in the different activities: collective life (cooking, cleaning, organization, etc.), intercultural exchanges (meeting with the local population and volunteers of the association), etc. The work will mainly consist of the maintenance of the vegetable garden of the House (sowing, transplanting, hoeing, watering, harvesting, processing). In addition, you will participate in the maintenance of the compost bins, the planting pond, the chicken coop, the insect hotel and the bamboo grove. You will work in the garden in the mornings, adapting the rhythm to the youngest.

Accommodation and food: You will sleep in dorms (8 people) at Maison des Bateleurs, Montendre. You will have a vehicle available for all mobility in the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Montendre (17130), Charente-Maritime, near Bordeaux.

Leisure activities: Tour of the region will be collectively planned as you wish: city visits, ocean, museums or the Forest House... Interactions with house volunteers will be provided like a pizza party... This will allow you to see how "Solidarités Jeunesses" works.

Closest train station: Montendre

Closest airport: Bordeaux

Arrival : At Montendre train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.

Participation fee: 50€ for children under 10, 100€ for adults and children over 11.

MTV PROJECT

Volunteers need to stay for the total duration of the project. A Skype interview will be organized after receiving the VEF + motivation letter of the applicants.

SJ/MTV16 A RURAL, RESPONSIBLE AND INTERNATIONAL NIGHT MARKET 01/07-02/09 ENVI/ANIM 4 vols 18+

Project: Montendre is a small village in the middle of the pines, which has been home to one of the international centers of Solidarités Jeunesses since 1996: the Maison des Bateleurs. Every summer, for the past 25 years, the commune has organized its weekly night market in partnership with many local actors (social center, local associations, shopkeepers, etc.). As the first night market in the Haute Saintonge region, this local event brings a strong dynamic to the area. This year, the will is to integrate the notion of "responsible consumption" on the market, through awareness actions and experimentation around waste sorting and waste, while associating the international dimension! It is in this sense that the commune of Montendre wished to create an international work camp, around its local summer event, in order to integrate it into a sustainable, responsible and international dynamic. It will be an opportunity to talk about commitment, citizenship and volunteering. Your actions will be in accordance with the objective 12 of sustainable development (UN) in favor of sustainable consumption and production.

Work: First, you will have to help with the logistical organization of the market, i.e. set up the stands, support the needs of the local associations and structures participating in the market. Secondly, you will have the mission to hold a stand to raise awareness about waste sorting and waste. The stand and the workshops will be created before the market with the help of a technical animator (creation of displays, awareness workshops, sorting garbage cans, etc.) Finally, this will also be an opportunity, through your presence and your commitment under the colors of Solidarités Jeunesses, to inform about commitment, volunteering and mobility!

Accommodation and food: You will sleep in collective dormitories (8 places), at the international Bateleurs reception house, in Montendre, where you will have all the accommodations at your disposal. You will have a vehicle for transport to the site and also to explore the region. Food will be provided for breakfast, lunch and dinner (you have a food budget which the facilitators will manage and communicate with you throughout the work). The meals will be prepared, in turn, by you, especially for lunch and dinner while respecting environmental values and local resources, as well as the culture of each and everyone (hot and cold dishes as well as vegetarian and vegan will be prepared).

Location: Montendre, Charente Maritime, 65 km from Bordeaux.

Leisure activities: The goal will be to exchange your cultural wealth with the inhabitants and associations of Montendre. Visits of the region will be organized collectively according to your desires: visits of cities, ocean, museums, etc. Interactions with the host center will be regularly proposed: pizza night, game night, etc.

Closest train station: Montendre (17 130)

Closest airport: Bordeaux-Mérignac

Arrival : At Montendre train station, between 4pm and 6 pm. The facilitators will shuttle between the station and the place of accommodation.
